School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Wright Elementary School, a traditional calendar school serving grades preschool through sixth, lies in the Southeast part of the city of Merced. Most students attend Hoover Middle School upon graduating from Wright Elementary School. As its top priority, the entire staff of Wright Elementary School strives to meet the academic, social, emotional, and physical needs of students. Wright Elementary School was named in honor of a longtime resident of Merced who served on the School District Board of Education from 1922-1948. His dedication to the District and its school sites has greatly impacted the lives of many and has inspired the staff members of Wright Elementary School to dedicate themselves to ensuring their students come away with a well-rounded educational experience that will serve them well in the future. To Become Lifelong Learners, describes the overall goal for students, parents, and staff at Charles Wright Elementary School. We work collectively to instill an enthusiasm for learning so that we may fully develop academic potential and positive self-esteem. Ultimately, our goal is for our students to become productive, contributing members of society. Steps to accomplish our mission are as follows:

To convey high academic expectations of ALL students, including our linguistically diverse population. To establish and encourage an effective parent-school partnership program.

To teach students how to develop responsible behavior(s) in a positive manner.

To build self-esteem through mutual respect and trust among all members of our school family. To provide a safe, clean, and orderly environment.

Our Vision: Academic & character achievement for all!

School Facility Conditions and Planned Improvements (Most Recent Year)

Wright Elementary School provides a safe and clean and orderly environment for students, staff, and volunteers. School facilities were built in 1949 and include the media center, multipurpose room, kitchen, staff lounge, library, 18 permanent classrooms, and 7 portable classrooms, which are all up to date and provide adequate space for students and staff. In 2001, the district designed a 20-year strategic plan, which includes plans for modernization, renovation, and upgrading of various areas for each school site. For Wright Elementary School, improvements to the school's fire alarm system were completed in the 2007-08 school year. Recent renovations include the replacement of all school roofing in 2009. New flooring was laid in the multi-purpose room in 2012-13. 2014 upgrades to the cafeteria include a new dishwasher and kitchen counters. Upgrades made during 2015-16 include the installation of new surveillance equipment and renovations to the student restrooms. Drinking fountain refurbishment and the modernization of one set of student restrooms occurred during 2016-2017. Modernization to 20 classrooms occurred in 2017-2018 as well as new LED lighting, casework, sinks and drinking fountains, fire-life safety infrastructure, flooring, reconstruction of two sets of new student restrooms, basketball and volleyball courts, playfields, irrigation system infrastructure and timer equipment, fencing and campus lighting. Cafeteria modernization occurred in 2018 along with upgrades to disabled persons accessibility to the stage and a new wheelchair lift, stage lighting, music and storage equipment capacity. The Facility Inspection occurred on 8/23/19.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: August 2019

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	21	23	25	27	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

The Merced City School District recognizes parents are their child's first teacher and encourages parents to participate in the educational program of their children. Many opportunities exist for parents to participate in the decision-making process at Wright Elementary School. Parents elected to the School Site Council advise the administration of the school, and approve the categorical programs budget. A School Site Council parent-member is also selected each year to represent the school site as a member of the District Advisory Council. Parents of English Learners may participate in Wright Elementary School's English Learner Advisory Committee. The English Learner Advisory Committee advises the administration in regard to the English Language Development program and matters relevant to English Learner students. A member of this committee is selected to represent Wright Elementary at the District English Learner Advisory Committee. Parents, teachers and students compose the Parent Teacher Club, which co-ordinates fund raisers and other school events to benefit the student body, and further build the relationship of the school with parents and students. Opportunities for parental involvement include: Back to School Night, Parent-Teacher Conferences, celebrations, awards ceremonies, seasonal events, Open House, academic fairs, extended day displays, as well as student performances. Additional opportunities to participate in district wide Local Control Accountability Plan (LCAP) forums are shared with the parent population.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Safety of students and staff is a primary concern of Wright Elementary School. The school complies with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student body and staff safety during a disaster. Fire drills are held monthly while other disaster drills are conducted on a regular basis throughout the school year. Teachers, administrators, and classified staff members all help monitor the school grounds before, during, and after school each day. All visitors are required to check in at the office before entering the campus and wear a visitor's badge throughout their stay. The School Safety Plan was implemented in the 1998-99 school year and is revised and updated annually in order to ensure that it is properly implemented. The plan's policies are reviewed with administrators, staff and student body. The school safety plan was reviewed, updated, and discussed with school faculty and a student representative on October 30, 2019.
