School Accountability Report Card
Reported Using Data from the 2018 - 2019 School Year
Published During 2019 - 2020

For: Barbara Comstock Morse Elementary

Address: 7000 Cranleigh Avenue, Sacramento, CA 95823

Principal: Kilolo Umi

Phone: 916-688-8586

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019 - 2020)

Welcome to Barbara Comstock Morse Elementary School, where "Knowledge Is Power!" Our focus today is as strong as it was when we opened in 1995 - meeting the needs of every student measurably learning in every classroom, in every subject, within a culturally responsive environment, every day. We offer Common Core aligned professional development, differentiated instruction, highly qualified teachers and involved parents. They are also significant factors in our identification of distinction in 2004, 2005, 2008, 2009, 2011, 2012 and our noted California Dashboard achievement in 2018 and 2019.

We collaborate with all stakeholders receiving and implementing input to ensure school-wide academic achievement and the continued emphasis on Positive Behavior Intervention & Support System (PBIS), performing arts, and athletics.

Overall, our highly trained staff, a challenging curriculum, PBIS, parent advisories, parent/community volunteers, and after school tutoring have continuously added to the enrichment of our student's education and academic performance; an achievement about which we can be very proud. These accomplishments can only be enhanced through our seamless partnership within the Monterey Trail High School region and select community partners.

Our school celebrates our ethnic, cultural, and linguistic diversity. We are proud that our entire school community works to create an atmosphere of caring and trust that supports positive behavior and rewards achievement. With the planning and support of our parent advisories, our community partners and our school's annual celebrations reflect our diversity emphasis with the following: the Rhythms of the World program, the Book Fair, the Taiko Performance, the Harvest Festival, and the Spring Carnival.

As a part of our Positive Behavior Intervention & Supports program (PBIS), we recite daily our school rules: Be Safe, Be Responsible, and Be Respectful and the school motto: "Attitude Affects Learning; Learning Brings Knowledge; Knowledge is Power!"

School Facility Conditions and Planned Improvements (School Year 2019 - 2020)

Our school has 34 classrooms, a computer lab, a multipurpose room, a library, and an administration building. Our beautiful campus was opened in 1995. Our custodial and grounds team take great pride in maintain our facility in a clean, safe and functional condition. This provides an orderly environment for teaching and learning. The FIT inspection indicates that all areas such as the playground, quad, classrooms and resource rooms throughout the school are maintained appropriately.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district’s maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school’s custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

We are proud of our welcoming signage and upgraded parking lot in the front of our school offering a safer flow of traffic. Our school is also wired for wireless access across the campus and security cameras. Our grounds have also been enhanced with a walking track at the rear of the school. With this addition, students have increased opportunity for safe and structured movement on their breaks; increasing the correlation of positive health to academic learning in the classrooms.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2019 - 2020)

We believe that parent involvement is a key indicator of student success!

We celebrate the diversity of our community, including Rhythms of the World, the Spring Carnival, the Taiko Performance, the Harvest Festival, Back to School Night, Open House, Choir, Parent Fluency Night, sports, CDI and KIP Scholar Academy and our community partners. We welcome you to volunteer on the PTO, School Site Council, WATCHDOGS, ELAC committee or the Safety Team. For more information, contact the Principal, Ms. Umi, or the Vice-Principal, Ms. Derus at (916) 688-8586.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019 - 2020)

Your child's safety is important to us at Barbara Comstock Morse Elementary. We believe that nothing should get in the way of the academic achievement of our students. Our district is committed to providing a safe, secure environment for learning. Our staff reviewed and updated our School Safety Plan in February 2020. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. There is limited controlled access to the school, a visitor sign-in process, and supervision provided before and after school. Random, periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

Types of Services Funded (Fiscal Year 2019 - 2020)

At our school, we have highly qualified staff to assist students with special learning needs. Our Learning Center department services special education students and general education students in need of additional support to meet academic standards. On site, we have a Project Wellness Counseling program providing on site counseling and referrals. We offer bilingual services to assist our English Learner students and their families and differentiated learning opportunities for all students. Extra tutoring or homework help is provided during the school day and in extended day Reading and Math Academies, and KIP Scholar Afterschool Academy (KSA) as well as the Center for Child Development (CDI). We also offer Pre-school classes. These classes offer early academic development and a social integration into the school community as well as parent education workshops. Our intermediate students attend an annual Science/Social Studies educational exploration away from the campus.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, paraeducators, and non-instructional support staff. For 2019-20, our school has an emphasis in Common Core State Standards, Data Analysis, Writing, Technology, and Character Education. Routinely, teachers attend training on best teaching practices and return to the site to share the information they learned with the whole staff. Our teachers also take part in a district English Language Development program which increases students' conceptual understanding of English using comprehensible strategies. Special education teachers and paraeducators have numerous opportunities to learn how to best meet the needs of students with learning disabilities. This training is also shared through parent education workshops designed to increase the Home-School connection for overall student achievement. Finally, the district offers a variety of staff development classes for support staff, paraeducators, and custodians. Some examples include Integrated Technology, Customer Service, and Ergonomics.
