# SCHOOL ACCOUNTABILITY REPORT CARD

2018-19 SCHOOL ACTIVITY PUBLISHED IN JANUARY 2020

## PRINCIPAL'S MESSAGE

Vista Fundamental School is one of two alternative "schools of choice" elementary schools in the Simi Valley Unified School District. The Vista Eagles have a proud tradition of excellence. Our school motto is "Together Everyone Achieves More." It is important to our staff that we work in partnership with parents and that each student's experience at Vista is rich and memorable. We encourage the parents of the Vista community to get to know other parents, communicate regularly with your child's teacher, join PTA, get involved as a volunteer in a classroom or on a committee, and embrace all that Vista has to offer you and your child. It is our goal that Vista students are well prepared when they are promoted to middle school. As a result, Vista students often become leaders in both academic and extracurricular areas during their secondary school experience. Vista's staff strives to prepare our students for educational experiences and careers of the 21st century through differentiated instruction support using research based techniques including technology. Our staff are GATE trained. Our focus remains on achievement of the California State Standards and continually enhancing our technology on campus. Vista is a STEM focus school, and students engage in weekly learning opportunities in the areas of Science, Technology, Engineering, and Mathematics. In addition, students have the opportunity to participate in after school learning opportunities in the arts and STEM. Vista is an exceptional learning environment with long lasting traditions and exciting new possibilities to support our student population. As the principal, I am proud to be a Vista Eagle and feel privileged to serve the students, families, and staff of the Vista Fundamental School community.

## STUDENT ACHIEVEMENT

### CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

## PHYSICAL FITNESS

In the spring of each year, Vista Fundamental Elementary is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart disclosed in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

## SCHOOL FACILITIES & SAFETY

### FACILITIES PROFILE

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Vista Fundamental Elementary's original facilities were built in 1962; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, campus supervisors are strategically assigned to designated entrance areas and the playground. During recess and lunch, campus supervisors monitor playground activity. At the end of the day when students are dismissed, campus supervisors monitor student behavior to ensure a safe and orderly departure.

Vista Fundamental Elementary is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

### SCHOOL SITE SAFETY PLAN

The Comprehensive School Site Safety Plan was developed for Vista Fundamental Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in October 2019.

### SCHOOL INSPECTIONS

On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for Vista Fundamental Elementary School took place on September 15, 2019. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During fiscal year 2019-20, all restrooms were fully functional and available for student use at the time of the inspection.
