School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Our vision for Heritage Community Day School is for all students to develop a strong foundation in academics and to develop socialization skills enabling them to be successful in the school community, the community at large and the work force. We focus on a respectful and safe learning environment. We strive to promote students that will become productive, employed and socially responsible, self-motivated citizens. Our daily mission at Heritage CDS is to prepare our students, academically and socially, for success in their next educational setting whether that is the comprehensive middle school or high school.

School Description – Our attendance fluctuates to meet the needs of the comprehensive school sites in our district and to honor agreements with our neighboring school districts. There are typically between 10-15 students in grades 6, 7 and 8 and they come from a variety of ethnic and cultural backgrounds. School Facility Conditions and Planned Improvements (Most Recent Year)

Our Community Day School is a newer facility that is inspected and maintained annually. Heritage works diligently to ensure that our campus is clean, safe, and functional. District maintenance staff and site custodial staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that safety-related repairs are given the highest priority. The principal works closely with the custodial staff to ensure that all school facilities are kept clean and free of safety hazards. Currently the restroom tile floors need re-grouting and sealing.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	0	8	23	20	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Because we are such a small school, the classroom aide, the teacher, the counselor and the principal are able to interact with families on a daily basis. There are several opportunities that exist for interested parents/guardians to become involved in our school. Parents are solicited each year with inquiries as to how they and other family members might like to be involved.

Parents are invited to serve on our Nelson Avenue Middle School Site Council, and we solicit their assistance with revision of the School Plan for Student Achievement, our Parent Involvement Policy and our Family-School Compact. Parents also attend Back to School Night, Open House and Parent Conferences.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Heritage Community Day School takes a serious position when it comes to school safety. The school safety plan was developed with input from teachers, staff, and parents with a goal of making the school safer for our students and community. The plan provides a comprehensive plan on various safety issues that affect the school.

The plan addresses the dress code, certain policies pertaining to harassment, emergencies, and safe egress on and off the campus. Survey data is gathered to assist in the action plan of the safety plan to ensure we are meeting the needs targeted for our school. It is reviewed annually with changes made toward improvement via teachers, students, and the School Site Council. The completed plan is sent to the board of trustees for approval every year. The plan is available at the site and can be checked out to any parent wishing to review it or provide input. Our goal is to ensure that our school is a safe place for students to develop academically and socially.

The Thermalito Union Elementary School District has a district-wide comprehensive School Safety Plan that is updated annually, pursuant to Education Code 32280-32289. Our vision is to empower all stakeholders in order to create a safe and challenging environment where all students and staff can be safe and grow academically, socially and emotionally. We will provide an environment which allows for the development of attitudes that promote healthful physical, social, academic and mental habits. This will be accomplished by encouraging pride in self achievement, respect and responsibility toward self and others, recognition of students and staff and positive relationships with young people.

Professional Development (Most Recent Three Years)

Number of school days dedicated to Staff Development and Continuous Improvement			

This section provides information on the annual number of school days dedicated to staff development for the recent three-year period.

Heritage CDS teachers are afforded professional development opportunities similar to those offered to general education teachers in the Thermalito Union Elementary School District. In the last three years, teachers participated in district-wide grade level collaboration, Trauma Responsive schools training, Nurtured Heart, Brain-based Research, English Language Development (ELD) and New State Standards training in English Language Arts and Math. CDS teachers received training in Crisis Prevention Intervention (CPI) and a seminar regarding Oppositional Defiance Disorder (ODD). Staff will also be working with a consultant to assist the district in professional learning communities (PLC's). In addition, teachers have ongoing training on the ELA/ELD Study Sync program.

Once a week, collaboration time with colleagues at the comprehensive school sites is also made available.
