## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	34	29	40	41	50	50
Mathematics (grades 3-8 and 11)	14	12	25	27	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

The Merced City School District recognizes parents are their child's first teacher and encourages parents to participate in the educational program of their children. Many opportunities exist for parents to participate in the decision-making process at Tenaya Middle School. Parents elected to the School Site Council advise the administration of the school, and approve the categorical programs budget. A School Site Council parent-member is also selected each year to represent the school site as a member of the District Advisory Council. Parents of English Learners may participate in Tenaya Middle School's English Learner Advisory Committee. The English Learner Advisory Committee advises the administration in regard to the English Language Development program and matters relevant to Learner students. A member of this committee is selected to represent Tenaya Middle School at the District English Learner Advisory Committee. Parents, teachers and students compose the Parent Teacher Club, which co-ordinates fund raisers and other school events to benefit the student body, and further build the relationship of the school with parents and students. Opportunities for parental involvement include: Back to School Night, Parent-Teacher Conferences, Parent-Teacher & Student Club, Band Boosters, celebrations, awards ceremonies, seasonal events, Open House, academic fairs, extended day displays, as well as student performances. Additional opportunities to participate in district wide Local Control Accountability Plan (LCAP) forums are shared with the parent population.

Safety of students and staff is a primary concern of Tenaya Middle School. The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student body and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Assigned staff members monitor the school grounds before, during and after school each day. All visitors are required to check in at the office before entering the campus. The School Safety Plan was implemented in the 1998-99 school year and is revised and updated annually in order to ensure that it is properly implemented. The plan's policies are reviewed with administrators, staff, and School Site Council members. The school safety plan was reviewed, updated, and discussed with school faculty and a student representative on October 30, 2019.
