School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

As a committed learning community, we ensure growth and learning in all students. This is the mission statement of the staff at Eastshore Elementary School.

Upon review of Eastshore School's Accountability Report Card evidence of a school built upon this premise is evident. The commitment to each student is apparent in the dedication of our teaching staff to ongoing professional growth opportunities designed to enhance their instructional skills and assessment techniques to assure that students are provided an exemplary educational program. The staff at Eastshore works collaboratively as a professional learning community. Time is provided during the instructional day on a weekly basis for teachers to analyze student work, develop common formative and summative assessments and design improved instructional practices and interventions to ensure academic growth in each student. Exposure to current research generates dialogue resulting in analysis of the quality of instruction and curriculum planning. Our support staff provides enrichment in music, art, and science with additional staff providing reinforcement of essential skills. Assessment is ongoing in all grades with published results of CAASP testing, ELPAC testing, and Physical Fitness testing as other indicators of the quality instructional program provided every student at Eastshore Elementary School.

We are committed to the ongoing academic, social, and emotional well-being of every student. Our programs include the Alternative Program for Academically Accelerated Students (APAAS) classes, GATE clusters in general education classrooms, Specialized Academic Instructional support, Speech and Language support, ELD instructional support for our English Language Learners, the Early Intervention Reading Model for emerging readers, Response to Instruction at every grade level and general education classes. In every academic setting we provide a learning environment emphasizing individual initiative and creativity as well as group cooperation and communication skills. We have a school wide focus and motto of RIR; focusing on the values of respect, integrity and responsibility to instill good citizenship and pride in all students and staff. Our staff carefully monitors each student and celebrates his/her successes and uniqueness during regular classroom recognition sessions and at our monthly Dolphin Salute.

School Facility Conditions and Planned Improvements (Most Recent Year)

Eastshore Elementary School was built in 1979. Since that time, eight portable classrooms have been added to the site. The facilities reflect the pride that this community has in this school. All classrooms are connected to the District Wide Area Network through T-1 lines. There are 90 networked computers in the school. We also have 150 chromebooks on six carts and 90 iPads on carts, all of which are connected to the local area network. The media center has a comprehensive library along with two innovative spaces, one of which is designated for technology usage. Two entire upper grade classrooms can visit the media center for instruction, research, and to work on class assignments and projects. Our custodial staff is committed to the clean appearance of the school and is supported by the district's Maintenance and Operations Department. Classroom furniture is replaced as needed. Classroom audio visual equipment is consistently upgraded to reflect changing technology which includes LCD projectors and screens in every classroom, document cameras in each classroom and access to a variety of websites for support in classroom instruction.

During the summer of 2019, Measure E improvements were completed, resulting in a new Kindergarten and First Grade wing as well as the establishment of a Design Lab.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	73	74	74	74	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Eastshore Elementary School thrives in a community that believes education is a partnership between the home and the school. The PTA, the School Site Council, parent volunteers, and support from the business community are integral to the ongoing success of our students. PTA provides enrichment opportunities through assemblies focusing on the arts and character education, financial support for programs and teachers and community events which foster connectedness. The School Site Council participates in the monitoring of our Site Plan for Student Achievement and the expenditure of funds to enrich our curricular focus. Parent volunteers contribute many hours to the classroom through tutorial and clerical support. The business community is also involved by supplying our school with resources to purchase equipment and other supplies through matching donations as well as assemblies which benefit the entire school community. Both our PTA and our School Site Council weigh in on the LCAP annually, providing valuable input related to fiduciary expenditures on a district level.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Expulsions	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

School Safety Plan (School Year 2019-20)

Eastshore School has developed a comprehensive Safe School Plan. Our plan is evaluated yearly and amended, as needed, by the School Site Council and by the leaders of the Safe School Plan committee. Key elements of the plan include: 1. Assessing the current status of school crime committed on the school campus and at school-related functions, 2a. Child Abuse Reporting Procedures, 2b. Disaster Procedures-Routine and Emergency, 2c. Policies for Suspension, Expulsion and Mandatory Expulsion, 2d. Procedures for Notification of Staff Regarding Dangerous Students, 2e. Policies on Sexual Harassment, 2f. Policy Relating to School Dress Code (especially gang-related apparel), 2g. Procedures for Safe Ingress and Egress of Pupils, Parents, and School Employees To and From School, 2h. Procedures that Create a Safe and Orderly Environment Conducive to Learning at School, 2i. Rules and Procedures on School Discipline.

In addition, monthly fire/evacuation drills, a full simulation earthquake drill, and two shelter in place drills are scheduled and implemented throughout the school year to assess our level of preparedness. We purchase and replenish our emergency supplies annually with the help of the PTA to ensure that all students and adults on campus will be cared for in case of any disaster. These emergency supplies (food, water, blankets, first aide, and all other emergency equipment) are kept in our emergency storage shed for immediate access if needed.

Staff has also participated in CPR and First Aid Training provided through the district. We have updated our plan accordingly and continue to do so after each drill to ensure a fine tuned response system.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

The Local Control Funding Formula has replaced California's previous method of allocating funds to school districts. In place of more than 40 specific funding categories, the new model has established three sources of state funding with increased local discretion to determine how best to spend those funds in the service of students. All districts receive a BASE of per-student funding that varies slightly depending on grade level. All districts also receive SUPPLEMENTAL funding. IUSD has used BASE and SUPPLEMENTAL funding to support the following programs:

Site Programs and Services: 1) Support professional learning and teacher coaching through induction program, content TOSAs and teacher mentor program, 2) provide summer school and summer athletic programs, 3) Allocating site funding and staffing to support student achievement through support of Professional Learning Communities (PLC) and site PLC coaches, 4) Elementary P.E. paraprofessionals, 5) Support for English language learners, 6) Elementary science, music, and art programs, 7) Purchase textbooks and instructional materials, 8) Develop a technology rich learning environment including; Technology matching programs, Technology Maintenance fund and site technology support staff, 9) Maintain previously implemented class-size reduction, 10) Additional secondary sections to reduce class size, 11) Middle school zero period program, 12) Maintain positive behavioral intervention and support program, 13) Maintain site staffing with full-time assistant principals, 14) 450:1 counseling ratio, support for large elementary schools and elementary classroom aides, 15) Support interventions and supplemental programs impacting English learners, low income and foster youth, 16) Continue to build Career-Technical Education pathways and blended On-line learning opportunities for students, 17) Develop mental health and wellness programs and hire district and site based staff including support for the Irvine Family Resource Center.

Finally, CONCENTRATION grant funding equal to 50 percent of the base is provided to districts in which English-learners, low-income students and foster youth exceed 55 percent of the total enrollment. Irvine Unified School District is not eligible for concentration funding because its enrollment does not exceed the 55 percent threshold.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

Eastshore staff participates in eighteen hours of mandated staff development each year. The focus for the 2018-2019 school year was behavioral support and technology. Our district adopted the practice of Professional Learning Communities twelve years ago and through survey data determined that PLCs have been conducted with a lack of fidelity and commitment. The district wide effort has great implications at our site where PLC practice has been in place for 13 years. The additional training and re-defining of expectations has supported our staff in collectively working toward effective planning time using data to inform instruction. Two teams will participate each year in the Power Up Your PLC Training provided by district personnel. Additional staff development during the 2018-2019 school year included safety training related to sheltering in place, and CPR training. The 2019-2020 staff development focus is on Restorative Practices and Standards Based Mindset. Staff has noticed an increase in significant behavioral issues with some of our students. Several staff members attended this training at OCDE during the 2018-2019 school year and reported positive results. Consequently we have devoted three of our six afternoon staff development days to Restorative Practices. Our October staff development day in 2019 will be devoted to learning about a Standards Based Mindset. We will also provide two technology trainings as we move away from traditional grading practices to standards based grading and learn how to use AERIES to reflect our changing practices.
