Principal's Message

In this year's School Annual School Accountability Report Card for Battles Elementary School, parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Battles Elementary School provides a warm, stimulating environment where students are actively involved in learning academics as well as positive values. Students receive a standards-based, challenging curriculum provided by a dedicated professional staff based on the students' needs. Ongoing evaluation of student progress and achievement helps our educators refine the instructional program so students can achieve academic proficiency. Intervention programs for struggling students are in place and progress is monitored at regular intervals.

Battles School staff members have made a commitment to provide the best educational program possible for Battles Elementary School's students, and welcome any suggestions or questions you may have about the information contained in this report or about Battles School. Together, through hard work, Battles students will be challenged to reach their maximum potential.

Mission Statement

Our mission is to ensure that all students learn by creating a community that focuses on student learning, by working collaboratively, and holding ourselves accountable for results.

School Description

Battles Elementary School is located in Santa Maria and serves students in grades transitional kindergarten through six. At the beginning of the 2018-19 school year, 879 students were enrolled, including 9.4% in special education, 52.1% qualifying for English Language Learner support, and 90.8% qualifying for free or reduced price lunch.

Student Achievement

Physical Fitness

In the spring of each year, Battles Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart reported in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

Physical Fitness Test Percentage of Students Meeting California Fitness Standards 2018-19			
Grade Level Tested	Percentage of Students Meeting Standards		
	Four of Six Fitness Standards	Five of Six Fitness Standards	Six of Six Fitness Standards
Fifth	16.4	11.8	7.3

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

Homeless	138	138	100.00	0.00	26.81

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3 – Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for including in the 2018-19 SARC posting due February 1, 2020. These data will be included in the SARC 2019-20 posting due February 1, 2021.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in Teacher Assignment, including the Teacher Credentials & Misassignments chart; Instructional Materials, including the Textbooks chart; and School Facilities & Maintenance, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for all pupils and special need subgroups. Covered in Parent Involvement.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in California Assessment of Student Performance and Progress, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, and middle school dropout rates. Not covered in the School Accountability Report Card.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in Discipline & Climate for Learning,

including Suspension & Expulsion chart; and School Site Safety Plan.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in Physical Fitness, including the Physical Fitness Test chart.

The most recent Santa Maria-Bonita School District Local Control Accountability Plan (LCAP) can be located on the district's website at <http://www.smbdsd.org/LCAP>.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or attending school events.

Parents stay informed on upcoming events and school activities through the electronic school marquee, school newsletters, the school website, and Parent Square (automated message delivery system). Please contact Principal Victor Velazquez at (805) 361-6880 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Battles Elementary School's original facilities were built in 1987; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency

repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

2018-19 Campus Repairs/Improvements:

- Repair/replace hand dryers in restrooms
- Remodel music room to create a new classroom
- Remodel classroom to create an intervention/band room
- Reseal/restripe upper playground and basketball courts
- Installation of a new electronic marquee
- Give and Grow Grant makeover

2019-20 Planned/in Progress Campus Repairs/Improvements:

- Repairs to concrete in the front of the school
- Installation of new cafeteria serving windows
- Repaint exterior of school (Summer 2020)
- Replace flooring in Healthy Start building
- Replace panels in D Pod restrooms

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to Battles Elementary School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- General maintenance
- Groundskeeping
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Cleaning desktops and whiteboards
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Battles Elementary School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2018-19 school year, Battles Elementary School received \$33,904 in deferred maintenance funds for parking lot repairs.

Facilities Inspection

The district's maintenance department inspects Battles Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Battles Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Wednesday, August 21, 2019. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2019-20, all restrooms were fully functional and available for student use at the time of the inspection.

Campus Supervision

School administration and staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the principal, yard duty supervisors, school counselor, and the outreach consultant are strategically assigned to designated entrance areas and the playground. During recess, yard duty supervisors monitor playground activity. The principal, custodian, and yard duty supervisors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal, assistant principal, and teachers monitor student behavior to ensure a safe and orderly departure.

Battles Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Battles Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed and updated by school staff in Spring 2019. Staff responsibilities and safety plan updates were discussed with staff in August 2019.

Classroom Environment

Discipline & Climate for Learning

Battles Elementary School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline is employed in the classroom for those students experiencing difficulty following school rules, and proactive measures are utilized for those demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Battles Elementary School revolve around the California State Content Standards and Frameworks. During the 2018-19 school year, Battles Elementary School held staff development training devoted to:

- California State Standards
- Positive Behavioral Interventions and Supports (PBIS)
- Social Studies Framework
- English Language Development/English Language Proficiency Assessment for California Training
- Technology Training on Interactive White Boards
- Reasoning Mind Supplemental Math Training
- Balanced Literacy Training
- Professional Learning Communities (PLC's)
- Achieve 3000 Program Training

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student

achievement levels. Battles Elementary School supports ongoing professional growth throughout the year on early release days. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2017-18, 2018-19, and 2019-20 school years, Battles Elementary School's teachers had the opportunity to attend the following events hosted by the Santa Maria-Bonita School District:

2017-18 Training Topics:

- Benchmark Advance
- Professional Learning Communities (PLCs)
- Language! Live
- Mathematics

2018-19 Training Topics:

- Benchmark Advance
- History/Social Studies
- English Language Learners
- Mathematics
- Next Generation Science Standards (NGSS)
- Technology Training
- Guided Reading

2019-20 Training Topics:

- California History-Social Science myWorld Interactive
- CPM Training
- Daily 5
- Guided Reading Lesson Planning
- Best Practices in Co-Teaching
- Science Pilotees
- Conscious Classroom Management
- ASI: StudySync ELD
- Professional Learning Communities
- Unassisted Writing
- Technology Training

Battles Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at Battles Elementary School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Wednesday, September 11, 2019, the Santa Maria-Bonita School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education

adopted Resolution 19-03 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2019-20 school year, all visual/performing arts classes offered in the Santa Maria-Bonita School District had sufficient textbooks and/or materials for all students enrolled in those classes.

Specialized Instruction

All curriculum and instruction are being aligned to the California State Standards approved by the State Board of Education. The instructional program is structured so that all students receive instruction appropriate to their learning level. Teachers use a variety of research-based instructional strategies and techniques using state-approved instructional materials to ensure academic success.

Students with special gifts and talents need more challenging curriculum and instruction. The Gifted and Talented Education (GATE) program is offered to students in grades 3 through 6 who have been identified as academically gifted through district-administered assessments. Students are placed in a designated GATE class or GATE cluster for their grade level. Instruction is provided by teachers who are GATE Certified and participate in ongoing training.

For students whose primary language is not English and who have limited English proficiency, Battles Elementary School offers programs to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. English learners are clustered in the classroom by language fluency level to receive differentiated instruction from the classroom teacher. Instruction focuses on reinforcement of class lessons, reading intervention, and targeted support in areas of need. All students receive English Language Development instruction as a supplement to their regular language arts instruction. Battles Elementary School's teachers utilize Benchmark for grades K-5 and Study Sync for grade 6, both state-approved textbook adoptions. Battles Elementary School monitors progress of English Learners on a regular basis and adjusts instruction to meet the current individual learning

levels. English learners are assessed annually using the ELPAC exam (English Language Proficiency Assessment for California); results are used to evaluate student progress, intervention programs, and teaching strategies.

Battles Elementary School's special education program is staffed by one Resource Specialist Program (RSP) Teacher and one itinerant RSP, three Special Day Class Teachers, plus aide support. Instruction is provided in the least restrictive environment and based on each student's Individual Education Plan (IEP). Students have access to a comprehensive curriculum and are mainstreamed into the general education class, with small group and individualized instruction. The IEP team meets annually to establish goals and objectives, define academic instruction, evaluate the effectiveness of the student's plan, and make instructional adjustments as necessary. Battles Elementary School takes advantage of the district's participation in the Santa Barbara Special Education Local Plan Area, which provides a pool of professional resources and expertise in the field of special education.

Battles Elementary School provides a variety of intervention and remediation programs to support students' efforts to achieve academic success and reach grade level expectations. Using district benchmark assessments and end-of-unit exams, teachers and administrators can identify students who are struggling or performing below state proficiency grade level standards. For those students who need extra help in any subject area, a Student Success Team pulls together school and family resources to identify and develop strategies to help students improve academic and/or behavioral performance. Intervention strategies include:

- ASES (After School Education & Safety)
- Response to Intervention (Grades K-6)
- Migrant Extended Day Program
- Outreach Counseling
- Sports (Soccer & Flag Football)
- Chess (Enrichment)

Supplementary instructional materials are purchased as needed to support intervention programs. Classroom teachers monitor student performance on district benchmark assessments, daily classwork, homework, and end-of-unit tests to measure ongoing academic progress and adjust instructional needs.

Professional Staff

Counseling & Support Staff

Battles Elementary School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Battles Elementary School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.
