### PRINCIPAL'S MESSAGE

One of the most important components of a good school is the partnership between the educators and the parents who work together for the best interest of children. Our school community strongly supports these critical values and is committed to the White Oak vision of all students having opportunities to perform to their greatest potential. Schoolwide goals are described in the school plan, which is updated annually, specifically focusing on environmental science and STEAM. ## STUDENT ACHIEVEMENT

### CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/).

## PHYSICAL FITNESS

In the spring of each year, White Oak Elementary is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." The chart disclosed in this document reports only the percentage in each category, not a cumulative total of the results for categories 4 of 6 and 5 of 6. Comparative district and state results can be found at the CDE's website.

*Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.*

*The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.*

## SCHOOL FACILITIES & SAFETY

### FACILITIES PROFILE

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. White Oak Elementary's original facilities were built in 1969; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. The District Governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office, at the District Office, or on the Internet at [www.simivalleyusd.org](http://www.simivalleyusd.org).

A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

#### 2018-19 Campus Improvements:

- Painting projects

#### 2019-20 Campus Improvements in Progress:

- Installation of an electric marquee
- Modernization of classrooms to include flexible furniture
- Completion of perimeter fencing
- Planning for digital marquee

### SUPERVISION & SAFETY

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, campus supervisors are strategically assigned to designated entrance areas and the playground. During recess and lunch, campus supervisors monitor playground activity. At the end of the day when students are dismissed, campus supervisors monitor student behavior to ensure a safe and orderly departure.

White Oak Elementary is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

### SCHOOL SITE SAFETY PLAN

The Comprehensive School Site Safety Plan was developed for White Oak Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in October 2019.

### SCHOOL INSPECTIONS

On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for White Oak Elementary School took place on November 1, 2019. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During fiscal year 2018-19, all restrooms were fully functional and available for student use at the time of the inspection.
