## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2019-20)

Built in 1961, Palisades Elementary School is the only public school in Capistrano Beach. Palisades sits on a bluff, surrounded by homes, near the Pacific Ocean. There is a beautiful ocean view from throughout the school, and the community enjoys utilizing the school after hours and on the weekends. Known as the “Waves,” many Palisades families go to local beaches, such as Capo Beach, throughout the year due to the pleasant California coastal weather and “totally cool” waves at breaks like Doheny just up the road.

The Palisades staff is committed to preparing all students for the 21st century. Dedicated teachers at each grade level provide students with learning experiences that are interesting, relevant, creative, and meaningful to their everyday lives. Palisades’ educational program is based on the Common Core State Standards and Capistrano Unified School District’s goals and objectives. Today’s students are preparing to enter a world in which colleges and businesses are demanding more than ever before. To ensure all students are ready for success after high school, the Common Core State Standards establish clear, consistent guidelines for what every student should know and be able to do in math and English language arts from kindergarten through 12th grade. In addition, the focus at Palisades for the 2019-2020 school year is to improve our academics programs with a emphasis on math instruction to create 21st century learning opportunities for ALL students.

Palisades goals for the 2019/2020 school year are below:

**Math:** The students of Palisades will increase 4% in problem-solving as measured by 3 end of grading period common assessments and the summative SBAC test.

**ELA:** The students of Palisades will increase 4% in the area of writing as measured by 3 end of the grading period common assessments and the summative SBAC test.

**PBIS-** The students of Palisades will decrease disruptive behavior by 4% as measured by wipe-out slips.

We plan on meeting our three goals by adhering to our collective commitments that are below:

**\*Math:**

Create common end of grading period assessments.

Give a story problem at least 2-3 times a week utilizing CGI strategies.

**ELA:**

Create common end of grading period assessments.

Complete at least 1 Research and Inquiry Project

**PBIS:**

Establish clear and consistent expectations for students.

Establish Tier 1 behavior interventions.

Palisades has energetic parents who assist staff members and students during the school year in the classroom, front office, and throughout the school. There is an active Parent Teacher Association (PTA) at Palisades and an Education Foundation. Their ongoing support has provided the school with many programs and assemblies. Elected parents and staff members on School Site Council review programs for Palisades, oversee categorical money and grants, and review Local Control Funding (LCF).

We believe the most promising strategy for achieving the mission of Palisades Elementary School is to have a staff that:

- unites and works together in a collaborative manner to achieve a common purpose with clear goals that are based on the Common Core State Standards and frequent review of student data.
- seeks and implements a variety of strategies to continually improve student achievement.
- demonstrates a personal commitment to the academic success and well-being of ALL students.
- monitors each student's academic and social progress throughout the school year.

School Mission Statement - The mission of Palisades Elementary School is to develop caring, confident, and responsible students who love learning. Palisades tagline is "Where we learn and grow together".

Students, parents, and staff members enjoy being part of the Palisades community. Once a Wave, always a Wave. Keep riding the "Wave of Success!"

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### Teacher Credentials

Teachers	School 2017-18	School 2018-19	School 2019-20	District 2019-20
With Full Credential	23	23	20	1882
Without Full Credential	0	0	0	13
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	3

### Teacher Misassignments and Vacant Teacher Positions

Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

**Year and month in which data were collected:** September 2019

All textbooks used in the core curriculum throughout Capistrano USD are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the State's list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards based and approved by the District's Board of Trustees. On September 18, 2019, the Capistrano USD's Board of Trustees adopted Resolution 1920-24 which certifies as required by Education Code 60119 that for the 2019-2020 school year, the Capistrano USD has provided sufficient textbooks or instructional materials, or both that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil including those enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Staff members submit Work Orders throughout the school year when a safety hazard is noticed and/or repairs are needed.

In the summer of 2019, Palisades recieved beautification in the following areas: All classrooms and the MPR recieved air condition, we recieved three new portables, new floors in the MPR and an upgrade to the strucures of our buildings including new drainage.

Ceiling fans were installed in all main building classrooms in December 2017 and January 2018.

Portable air conditioning units were placed in all classrooms in the main building in August 2015 since these classes do not have permanent air conditioning. Due to the overall cost, possible structural issues with the roof, and possible electrical infrastructure issues, Palisades will not have permanent air conditioning installed in these classrooms. The portable buildings/classrooms have permanent air conditioning.

Three projects were completed during the summer of 2015. The exterior of the school was painted along with a new logo on the outside of the multipurpose room. New rubber matting was installed around the preschool playground. A new cement retaining wall and wood chips now surround the 1st - 5th grade big toy area.

### School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

**Year and month of the most recent FIT report:** 9/19/2019

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	50	57	69	70	50	50
Mathematics (grades 3-8 and 11)	46	50	58	59	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

#### Grades Three through Eight and Grade Eleven (School Year 2018-19)

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2018-19)

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2019-20)

The Palisades staff welcomes CUSD approved parent/guardian and community volunteers! There are a variety of opportunities for parents/guardians and community members to be involved at Palisades Elementary School. Every teacher welcomes parent/guardian support through volunteer opportunities in the classroom (working with small groups, etc.), playground (PE activities), library (helping check out library books), and the computer lab (monitoring students as they work in one of the two computer labs). Plus, parents/guardians can volunteer at home to assist teachers with class projects. Parents/guardians have the option to join the Parent Teacher Association (PTA), Education Foundation, and our School Site Council. PTA and Education Foundation meetings are held throughout the year and volunteer opportunities are abundant from August through June. Major PTA events that need volunteer help include the Book Fair, Jog-a-thon, and Carnival. Parents can also serve on School Site Council. Members are elected and serve a two year term. There are five parent/community representatives on School Site Council along with five staff members. School Site Council oversees the School Plan for Student Achievement and categorical fund expenditures. The Palisades Wave Education Foundation is another wonderful opportunity for parent/guardian involvement.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

Rate	School 2016-17	School 2017-18	School 2018-19	District 2016-17	District 2017-18	District 2018-19	State 2016-17	State 2017-18	State 2018-19

Expulsions	0.0	0.0	0.0	0.1	0.1	0.1	0.1	0.1	0.1

### School Safety Plan (School Year 2019-20)

Each Capistrano Unified school site has a School Safety Plan, which includes a comprehensive disaster preparedness plan. Copies are available to read at each school office. The Safety Plan is updated annually, and reviewed by the Executive Director, Safety and Student Services. Aerial pictures and floor plans of each school site are loaded on all local police unit computers. Fire drills are held monthly in elementary schools, four times per year in middle and two times a year in high school. Drop, cover and hold drills are held each semester in middle and high school and quarterly for elementary. Lockdown drills are held twice a year and a disaster drill is held once a year throughout the District. The District also participates in multi-agency response drills, working with law enforcement, fire and other responding agencies.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Note: Cells with N/A values do not require data.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

## Types of Services Funded (Fiscal Year 2018-19)

Each district school provides some supplemental services to assist students:

- in reaching academic proficiency
- in mastering grade level content standards and
- to successfully graduate from high school.

Services vary by school and may include:

- Supplemental instructional materials and books in mathematics, reading/language arts, science and social science
- Programs for English Learners
- Extended Day/Year/Summer School
- Intervention Programs
- Enrichment Programs
- Technology
- AVID Programs
- Parent Education/Family Nights
- Tutoring (some Title I schools and other federal programs)
- Translation for Home-School Communication
- Counseling (Social, Emotional, and College and Career)
- Special Education

Please check with your child's principal to receive information regarding the services that are specific to your child's school.

## Teacher and Administrative Salaries (Fiscal Year 2017-18)

## Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	2	2	3

Capistrano Unified School District places great value on the role of professional learning, and utilizes systems-wide structures and strategies to promote continuous learning of adults that result in increased learning for students. The ongoing focus for professional learning is to support the district's Wildly Important Goal for Teaching and Learning. It is the district goal to engage students in meaningful, challenging, and innovative educational experiences to increase post-secondary options for all students.

It is the goal of Capistrano Unified School District to ensure all students receive Great First Instruction (GFI). The vision for GFI is that all learning environments include Lesson Preparation, Interaction, Strategies, and Review and Assessment as defined by the Sheltered Instruction Observation Protocol (SIOP). By design, the model for providing professional learning is multi-tiered, and ranges from large-scale, district-wide learning opportunities focused on priority areas to site-specific, embedded professional learning (including coaching) that supports teachers in the transfer of that learning to the classroom. In addition, professional learning "academies" provide supplemental training during the summer and after school hours to further support district initiatives and teacher needs for ongoing professional learning. The outcome of all CUSD professional learning is to improve educator effectiveness in order to increase student learning. In support of this outcome, administrators participate in professional learning to increase their knowledge of quality practices, California Content Standards, and strategies for instructional leadership.

Since 2004, all schools provide specific release time for embedded professional learning using late start or early release days. In grades K-8, this time is known as ACE time (Articulation and Collaboration for Excellence). The purpose of this time is for educators to examine the impact of their practice on student learning, with a focus on continuous improvement. Schools work to identify key areas of learning based on an analysis of student data, upon which they place their focus for professional learning and set annual measurable goals based upon those identified areas of need. These areas are determined through the analysis of student learning data from multiple sources, including, but not limited to high stakes testing. The action plan developed to accomplish these goals outlines priorities for teacher training and implementation.

Throughout the year, the structure of collaboration typically involves teacher teams engaging in ongoing examination of standards-based curriculum, the examination of meaningful formative and summative assessment data, and powerful teaching strategies that get results in student learning. In 2017 the District developed the CUSD Professional Learning Communities Framework as it's guiding document for professional collaboration. All collaborative teams utilize Common Goals, Relational Trust, Focus on Learning, Shared Responsibility, Action-Oriented, Data Driven, and Systems and Structures for Support to ensure all students are learning at high levels. These embedded professional learning activities help prepare teams to provide a differentiated instructional program that meets the needs of all students.

Beginning teachers receive systematic training and support during their first two years of teaching within the CUSD Induction Program. This program assists new teachers as they build upon the skills they already possess upon entering the field of teaching, and provides them with support from a veteran teacher. The program is approved by the California State Commission on Teacher Credentialing and meets the requirements necessary to "clear" teaching credentials. In addition to those activities previously described, all teachers may receive support, assistance, and opportunities to grow professionally through their participation in school site learning teams, student study teams, from district resource teachers, and the Peer Assistance and Review Program.
