### School Description

Built in 1946, Rolando Elementary School is located in La Mesa, California and serves approximately 550 students. Rolando Elementary is designed to meet the various instructional needs of students in kindergarten through sixth grade. Nineteen classroom teachers, together with special education staff, an intervention teacher, support staff, and administration ensure successful learning experiences for each child. We are an official No Excuses University school, a network of over 200 schools across the nation focused on academic and social success through 6 Exceptional Systems: Culture of Universal Achievement, Collaboration, Standards Alignment, Assessment, Data Analysis, and Intervention. No Excuses is about the adults ensuring each and every child learns. It is our commitment that each and every child has the ability to reach academic proficiency and social successes and that we the school have the power and responsibility to make that a reality.

Our Character Counts program supports all students in developing the intrinsic values that allow them to be caring citizens with life-long skills that are the foundation of success. Programs like Character Counts, Safe School Ambassadors and whole group/small group lessons increase their abilities to solve interpersonal problems peacefully. Our Specialized Academic Instruction (SAI) classrooms provide targeted instruction for students with special needs with the support of six paraprofessionals. Our intervention teacher provides daily small group reading instruction for students who need additional support in reading, English Language Development (ELD) instruction, support for grade level intervention, and small group counseling lessons for students who need additional support in a variety of areas such as, family changes, self-control, kindergarten readiness, and friendship. Our classroom teachers differentiate instruction to meet the needs of all learners, including targeted Essential Standards instruction. A variety of after-school enrichment classes provide additional opportunities for students to advance their skills and develop their interests. We offer a high quality, academically-based, before and after school program through ESS (Extended School Services). In addition, we believe in educating the whole child through capitalizing on their strengths and interests. This year, through a partnership with our PTA, Rolando provides music, dance, art, and theater opportunities for all of our students.

We have defined our purpose to build a strong academic and character foundation in each child by providing an instructional program that emphasizes high standards of achievement for each and every student partnered with character education to develop responsible citizens. Rolando embraces a culture of universal achievement with the belief that each and every child deserves the opportunity to be educated in a way that prepares him or her for college if he or she chooses to attend. We want all students to learn at high levels every day. We are tenacious about improvement, and use a collaborative model with research-based practices to accomplish the goals we set each year.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

##### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	45	39	53	53	50	50
Math	36	35	40	42	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in Science for All Students

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

### 2018-19 Percent of Students Meeting Fitness Standards

Grade Level	4 of 6	5 of 6	6 of 6
5	19.4	19.4	17.7

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2019-20)

Rolando supports the research that overwhelmingly demonstrates parent involvement in children's learning is positively related to achievement. Simply put, there is a positive and convincing relationship between family involvement and students' improved academic achievement. This relationship holds true across families of all economic, racial/ethnic, and educational backgrounds. We know and recognize that there are several types of parent involvement and it doesn't have to take place on campus. In fact, family involvement and support from home has the greatest impact on student achievement. We work with all of our families to help them be engaged in their children's learning. It is our commitment to have 100% parent participation during Back to School Night, Parent/Teacher Conferences, and Open House. If parents are unable to attend, our staff reaches out to families with personal phone calls and offer follow up meetings as needed. We have parent involvement groups and we strongly encourage parents to participate in PTA, School Site Council, the English Learner Advisory Committee, Watch D.O.G.S., and Wednesday Workshop in our Parent Workroom/Center. There are also other parent committees that are formed for specific programs or needs throughout the school year. In addition to the parent involvement groups, Rolando encourages families to share their talents with us during our annual College and Career Day. We want all parents to feel welcome and important at Rolando; that is why we encourage volunteering in your child's class, in the library or on the playground, and even during our three family lunches throughout the year. A great starting point is to get involved is with your child's teacher or with our strong and effective PTA. You will be warmly welcomed!

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

Current site Comprehensive School Safety Plans (CSSP) are received by the district each year and are approved by the La Mesa-Spring Valley School Board of Education. Each site's plan outlines systems, programs, and practices in place to ensure a safe school environment including, but not limited to, child abuse reporting, disaster preparedness, campus access, and drug and alcohol education and cessation. Each site has one teacher appointed as the school's Health and Safety Officer. This person and the site principal presented their School Safety Plans to their respective School Site Council for review and acceptance prior to submission to the Board of Education.

Suspensions and Expulsions for the School	2016-17	2017-18	2018-19

**Professional Development provided for Teachers**

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	63	92	71

Professional learning in La Mesa-Spring Valley continues evolving to cultivate capacity and efficacy of teachers so that they can ensure high levels of learning for each and every student. In recent years professional learning has emphasized developing a common language around high quality teaching and learning and building collaborative cultures that promote high levels of learning for all students through professional learning communities. This work has included a deeper dive into content standards through the selection of essential standards and discussions around mastery and effective assessment. In response to student performance data and classroom observation, current professional learning focuses on aligning instruction to standards and student experience, with extra time and resources dedicated to mathematics and English learners.

New for the 2019-20 school year is our Blended Professional Development program which will offer online professional development options while still offering face-to-face professional development. Some of the professional learning that we will offer includes: Igniting ELD multi-year seminars where teachers learn and implement strategies for designated and integrated ELD and using formative assessment to guide standards-based instruction, Mindful Math where participants will develop deeper understandings of math teaching and how to enrich it while making the District math curriculum more accessible to their students, and ProAct, which teaches participants techniques they can use to deescalate a child's behavior. Additional professional development continues to address professional learning communities, curriculum adoptions, differentiation, special education, NGSS and effective integration of technology into instruction.

With professional learning communities as a foundation, professional development is approached from multiple angles to ensure that it is relevant, timely, and targeted to both student and teacher needs. Teachers meet weekly, as a grade level or discipline, to analyze student data and discuss best practices to address the needs of each and every student.

The district offers workshops and multiple-day seminars, after-school workshops, online courses, and one-on-one coaching and modeling. Select teachers also attend conferences and workshops offered through outside agencies. District staff also partners with principals providing professional development at site learning days and staff meetings.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
