School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Lincoln Elementary School is a designated Historic Point of Interest constructed in 1936 located in the Northwest section of Pomona. The school is a source of community pride serving a diverse and growing student population of approximately 400 students in grades pre-K to 6.

Lincoln maintains 17 classrooms, a library, a cafeteria, an auditorium, and one multi media labs. Each classroom and the multi media lab are wired with Internet access, Smart Board/Viewsonic technology and/or chrome books, ipads. Lincoln is a 1:1 school where every student, from kinder through sixth grade, has their own chromebooks. All students grades 3 - 6 are also able to take home their chromebook in order to access student work, via technology, from home. Technology is used as a tool to enhance and support the academic achievement of all students. Academic programs are used to guide instruction and increase the educational development of students. Programs include Systematic English Language Development, Guided Reading, Thinking Maps, Write from the Beginning, Accelerated Reader, Imagine Learning and a variety of other software programs are used to promote student achievement.

Lincoln serves as a feeder school for two Head Start programs that are now housed at Lincoln. We take an active role in providing an effective transition for parents with children entering the school. Parents are provided with opportunities to attend workshops/trainings to acquire information regarding academic and instructional programs and are invited to attend the spring Open House event on campus.

Vision and Mission

It is our vision at Lincoln Elementary School that all members of the school community will work collaboratively to provide each student the skills necessary to successfully participate in and contribute to a culturally diverse, global society. At Lincoln, students are expected to be socially responsible, self-motivated life long learners.

It is our mission to serve a diverse student population, recognizing individual needs and having every member of the school experience success in an atmosphere that promotes security, warmth, mutual respect and caring. The collaboration of teachers, parents and students provides the highest quality instruction and guides instruction to meet the individual needs of all students. All students including GATE, English Learners, economically disadvantaged, Hispanic students and students with disabilities are expected to meet or exceed state and District standards in all curricular areas.

Message from the Principal

Proposition 98, also known as The Classroom Instructional Improvement and Accountability Act, approved by California voters in November 1988 established the School Accountability Report Card. This ballot initiative provided California's public schools with a stable source of funding. In return, all public schools in the State of California are required annually to prepare a School Accountability Report Card and disseminate it to the public. The purpose of the accountability report card is to provide the public with important information about each school and to communicate the school's progress in achieving its goals. As you read our report card, I am sure you will get a clear picture of a school that is dedicated to improvement, a highly qualified staff that is professionally and personally committed to meeting the needs of all students and a student body that takes pride in their educational successes. We are proud to be the Lincoln bulldogs!

As a parent or other interested person for whom this report card was designed, you may be interested in additional information regarding the report card or parent/community involvement. Please feel free to contact the Lincoln office at (909) 397-4624

School Facility Conditions and Planned Improvements (Most Recent Year)

Responsibility and results are among the Core Values of the District. These values are exemplified in our continued commitment to provide facilities that are clean and maintained to the highest standards. The District's maintenance staff strives to complete work orders in a timely manner thereby ensuring the health, life, and safety of our students, staff, and community. Our electronic work order process ensures that the necessary emergency work orders are given the highest priority and are completed swiftly.

The District has adopted high cleaning standards that are maintained by our custodial staff on a daily basis. Ongoing assessment of site cleanliness is performed by the district's custodial management team. This process includes the evaluation and consideration of new cleaning products, procedures, and equipment. This also includes the continuous training for custodial staff. Additionally, regular pest control operations are performed in strict accordance with all applicable regulations mandated for California schools.

On-going maintenance of our school facilities includes: roofing, flooring, painting, HVAC, electrical systems, and exterior painting. The District is committed to assuring that all facilities provide the necessary environment for high quality education to take place.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	19	26	26	27	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

As a school community, we take pride in promoting collaboration of all school community members as a means of creating a positive influence in the academic/social growth of our students. As a learning community, we encourage parents to volunteer their time in classrooms and also encourage active participation in the following site meetings/gatherings: School Site Council (SSC), School Advisory Committee (SAC), English Language Advisory Committee (ELAC) and Parent Teacher Association (PTA) meetings.

Our current PTA is very active in hosting family nights, student activities, School Smarts Academy for parents, etc. as well as fund raising to support school wide activities.

In addition, our school has partnered with a variety of outside agencies like Kaiser Permanente, the Lion's Club, Western University, United Way, Purpose Church, Pomona Hope etc. to provide free services and support to both our parents and our students. A variety of parental workshops are planned through out the school year to provide parents with strategies on how to best support their student academically and emotionally.

Parents interested in volunteering at the site may stop by the front office to request a volunteer handbook and application. Parents can also visit our school website for current information and to view our parent involvement policy. Our website is www.pusd.org/Lincoln

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

The safety of the students and staff is a primary concern of the Pomona Unified School District. All schools in the District are in compliance with all laws, rules and regulations pertaining to hazardous materials. A current disaster preparedness plan is in place for earthquakes and emergency evacuations. To ensure the effectiveness of our disaster plans, we conduct monthly fire drills, surprise lock-down drills and twice a year earthquake disaster drills to ensure maximum safety of the school community during the school day. All buildings within the District are in compliance with state earthquake standards.

A Safe School Plan has been reviewed, updated, discussed and site practice drills were conducted in order to make sure the site plan is effective throughout September and October of 2018. Final approval by the faculty occurred on October 10, 2018. It includes policies and procedures for disaster preparedness, student discipline, the components of a safe and orderly school environment, before and after school supervision, suspension/expulsion procedures, safety, child abuse reporting procedures, student dress codes, and student and staff sexual harassment training and procedures. A discipline policy may be found at each school that seeks to insure a safe and orderly environment for students and staff.

To maximize our efforts in providing a safe campus, the Lincoln staff, including administration, teachers, office staff, custodian, and campus supervisors limit and control unauthorized access of school grounds during the school day. All people entering the campus must first stop by the front desk, sign in and receive a visitor's pass.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			6

Pomona Unified School District is committed to providing high quality professional learning for administrators, teachers, classified staff and parents that is aligned to the District's Strategic Plan, Our Promise of Excellence and is focused on academic achievement.

District teachers and support staff participate in six Professional Development Days that are driven by student achievement data, staff learning needs, and research-based best practices. Six District-wide days of professional learning and collaboration for 2019-2020 are concentrated around our focus areas of Literacy and MTSS: Benchmark Advance implementation, content literacy, rigor, relevance and ICLE, PBIS, instructional routines, and WICOR, including an emphasis on English Learners, Foster Youth, and Low-income Pupils -- as well as articulation with grade level and department colleagues to enhance instruction and assessment. These focus areas are in direct alignment with federal, state, and district student achievement academic goals. In addition to the district-wide professional development days, sites use their weekly late start Friday sessions, 2 additional hours per month, and 4 additional hours per year (once per semester), to analyze student achievement data in a collegial forum. They then design effective instructional interventions to promote students' academic growth. Each site's professional development plan is designed collaboratively to address identified student achievement and staff needs aligned to the District's focus areas as indicated in each site's School Plan for Student Achievement (SPSA).

District and site professional development also includes trainings around 21st Century Teaching and Learning which include the California State Standards and the P21 Framework. Training outcomes are to build the capacity of site and teacher leaders to lead the transition and implementation of the California State Standards. Sessions include themes such as the need for a paradigm shift in teaching and learning, the essential components of the P21 Framework, California State Standards, English Learner standards and framework, equity and culturally responsive instruction, social and emotional learning, and integrating the use of technology to enhance/support instruction and learning. Performance Matters, our professional learning management system is supporting us in paving the way for various formats and structures that allow for increased voice, choice, and time around options for professional learning experiences. Ranging from traditional face-to-face sessions, to the creation of hybrid sessions (face-to-face and online digital modules), to pure online digital modules and online courses. We are continuing our implementation of KYTE Learning, an online digital platform that will support just in time technology professional learning and acquisition of technology-based badges. In addition our District is also continuing the partnership with the Center for Quality Teaching (CTQ) to pilot professional learning through the venue of online, just –in-time, micro-credentials. A cadre of teacher leaders are in the process of completing the Universal Design for Learning online course to pursue certified trainer status through the CAST Academy in preparation to lead and facilitate system-wide professional learning that meets the needs of all students.

Through monthly content and grade level specific cohorts, along with other year-long activities, District Teacher Specialist, Teachers on Assignment, and Literacy Coaches model, co-teach, coach, conduct peer observations, facilitate trainings, and conduct sessions focused on lesson design and delivery of District focus areas, and other site and District instructional initiatives. Teacher Specialists and site-based teacher mentors, and teaching teacher specialists serve as the District's teacher support program mentors for Pomona's Teacher Induction Program for participating teachers in the process of clearing their credential. These programs support the training, development, and retention of high quality teachers using current research on effective teaching and grounds what they are learning in daily practices. PUSD administrators also engage in monthly professional learning with embedded Professional Learning Community opportunities to grow and learn collaboratively with peers. Administrators in need of clearing their credential have the opportunity to do so by participating in PUSD's Administrative Clear (Tier II) Credential Program (PACCP). Participating principals work with a coach and engage in reflective thinking, coaching, and attend monthly training sessions.

Various departments within Educational Services also provide and receive workshops on relevant topics in response to District and site-identified needs. These include responsive instruction, budget, technology, personnel, and pupil resources issues, as well as problem-solving and facilitative skills. The Curriculum Instruction and Accountability team include administrators, managers, and other administrative staff and serves as a forum to connect stakeholders to the District's focus areas Literacy and MTSS: Benchmark Advance implementation, content literacy, rigor, relevance and ICLE, PBIS, instructional routines, and WICOR with an emphasis on English Learners, Foster Youth, and Low-income Pupils and 21st Century Teaching and Learning.

Pomona Unified School District continues its commitment to providing quality professional learning opportunities in technology. With the establishment of District technology standards and the use of online digital tools, PUSD has provided a critical base for technology training classes. These session topics include Internet use, IO Assessment, Web 2.0 tools and creating and using multimedia as a vehicle to enhance teaching and learning. To meet these goals, Educational Technology (Ed Tech) Teacher Specialists serve as technology/instructional trainers who work in classrooms to provide coaching and support for teachers who use technology-based intervention programs. Teacher Technology Leads (TTLs) serve as a site level technology support and accelerate the implementation of the Technology Master Plan.

Teachers participate in developing curriculum documents in our curriculum management system, GoogleDrive, Google Classroom, EdCaliber/Lessoneer, based on needs identified by the District's Curriculum Committees. These committees, composed of teacher and administrative representatives, meet in grade level groups, (PreK-8 and 6-Adult) to examine new State publications and reform efforts, discuss curriculum issues and identify needs for new or revised District curriculum documents. Examples of projects include the creation of grade specific standards-based electronic report cards, standards-based curriculum guides, course descriptions aligned to the California State Standards.

Our overall professional development vision is to design and implement a highly coherent, innovative, district-wide professional learning system that is responsive to the differentiated needs of adult learners using a professional development model that honors the adult learners' voice, choice, time, and professionalism, builds individual and collective efficacy, promotes deep organizational learning and sustainable optimal results that ultimately leads to high student achievement and college and career readiness for all students. The goal of the Educational Services' Division is to provide professional learning that supports schools in the implementation of effective instructional programs and strategies to ensure "Excellence for every student, in every classroom, every day!"
