Principal's Message:

Dear Parents/Guardians/Community Members,

Welcome to Valle Vista Elementary School of Hemet Unified! We take great pride in our school and believe it is one of the finest elementary schools in the San Jacinto Valley. We have a very dedicated staff who believes that ALL children can learn. Various intervention and enrichment programs are offered throughout the year aimed at meeting the needs of all students. We offer an English Language Development program in grades TK-5. Students are prepared for the technology age by means of 1-1 technology for all students and more than half our classrooms have SmartBoard interactive whiteboards and/or promethium boards. Additionally, we offer our students access to computer-based enrichment and intervention programs for both at school and at home, such as Imagine Learning, Imagine Learning Math, ST Math, and Accelerated Reader.

We are looking forward to a very productive year in which all our Viking students are successful. Teachers and students work diligently with California State Standards-based curriculum and SmarterBalanced assessment programs. One of our goals this year is to continue to improve on our past successes and ensure a high level of achievement for all students. With our experienced staff and supportive parents, we believe that we can, not only accomplish our goals, but exceed them.

In order to support a safe and welcoming school environment, we practiced school-wide Positive Behavior Interventions and Supports, where we set explicit expectations for our students, teach necessary skills to meet those expectations, and positively reinforce when expectations are being met.

We encourage all parents to become active in their child's education. This can be accomplished through volunteering, attending parent-teacher conferences, open house, back to school night, and other evening events. Your involvement is critical in the success of your child. I look forward to meeting and working with our parents and community, and if you would ever like, please stop by the school, visit our school website at vallevista.hemetusd.org, send an email, or call us at (951) 927-0800.

Our Mission: Valle Vista's mission is to create a culture of universal achievement.

Our Vision: At Valle Vista Elementary, we envision a clean, safe, and respectful environment with happy, enthusiastic children who are supported both by involved families and highly qualified and engaged staff, in an effort to achieve common educational goals.

Our Core Values:

1. We believe it is the student's, parent's, staff's, and community's responsibility to ensure every student, with appropriate support, becomes successful, lifelong learner.
2. We believe all students have the right to a safe, orderly, supportive and positive school environment.
3. We believe in the power of collaboration among and between grade levels.

School Profile:

This annual report describes Valle Vista Elementary as a school where staff, students and parents work together to foster high expectations and a commitment to academic excellence. Valle Vista Elementary prides itself on meeting the needs of all students with a vision towards preparing children to face the demands of the 21st century.

Valle Vista Elementary School is located in the eastern San Jacinto Valley and is part of the Hemet Unified School District. The community of Valle Vista is in the Hemet Post Office jurisdiction but represents a long established agricultural area of the valley, in transition to a more urbanized bedroom community for the city of Hemet. Valle Vista Elementary School is located at the corner of Fairview and Mayberry Avenues.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, including English learners, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 9/3/2019 that each pupil in the district, including English learners, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs and initiatives. The training provided by the Professional Development Academy allows teachers, administrators, and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

The primary focus of the Professional Development Academy is supporting instruction of California State Standards and the new curriculum adoptions that have taken place during the past few years. The district's Educational Services Department, including Teachers On Special Assignment (TOSA), provide ongoing support and training in the skillful delivery of the adopted standards. Additionally, the TOSAs provide a variety of district and site-based trainings based on data, principal feedback and, teacher survey results.

The PDA also supports new teachers through our Center for Teacher Innovation (CTI) Induction Program, which provides intensive coaching and support in the inquiry process. Additionally, the TOSAs support seven elementary site-based Instructional Coaches and eight secondary Math Coaches, located at designated schools across the district. A new teacher academy is offered for all new HUSD teachers during the summer, and all elementary classroom teachers participated in ongoing training which supports ELA and Math standards, and our secondary ELA teachers also participated in training for the newly adopted secondary ELA curriculum (Collections). Additional training and support are offered to Special Education Teachers, Science and History/Social Studies teachers.
