School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

At Heritage Elementary, a STEAM Magnet School, we strive to foster a love of learning in an innovative, engaging environment. Our community empowers all students to think critically and work collaboratively to become caring, responsible, global citizens.

Rigorous learning and active engagement are the core components of the Heritage Elementary School mission. Through carefully constructed, robust inquiry-based learning, supported by authentic reading and writing through the Reader's and Writer's Workshop, students create and collaborate to accelerate learning. Heritage Elementary School utilizes project-based learning, an instructional method which integrates the five components of STEAM with literacy, to maximize students' potential. Through student centered learning and inquiry, Heritage students are empowered as life-long learners.

Our STEAM program focused on the following learning elements:

Science: Inquiry-based science curriculum, built around the Next Generation Science Standards (NGSS), with emphasis on critical thinking

Technology: iPad program dedicated to redefining learning through engaging opportunities to enhance critical thinking, collaboration, communication, and creativity

Engineering: Engineering workshops, developing problem solving skills and communication

The Arts: Arts and design integration to support creativity, engagement, and learning capacity

Math: Cognitively Guided Instruction (CGI) to encourage ingenuity, communication, and reasoning in mathematics

We believe in our responsibility to partner with parents, creating an ideal environment in which students will have the opportunity to:

- Strive for academic excellence
- Explore a diverse, project-based curriculum
- Prepare to succeed in a global environment
- Provide service to a growing community
- Participate in character education, developing respect for others through exemplary citizenship
- Experience cooperative educational communities in all content areas from fine arts to technology
- Develop into life-long learners

School Facility Conditions and Planned Improvements (Most Recent Year)

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Heritage Elementary is located in the Tustin Legacy development. The school has twenty classrooms, an innovation lab, a multipurpose room, and an administration building, with library. The large property contains two playgrounds, a dedicated kindergarten playground and a main playground with new climbing toys and play spaces. The school has ample outdoor learning spaces including a dedicated covered outdoor classroom.

The school's large field serve as a hub for school and community athletic events after school and on weekends.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	60	63	53	53	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

There are many opportunities in the district for parental involvement through participation in parent surveys, support organizations, booster clubs, school site councils, DELAC and district-level advisory committees with the superintendent.

Parents are highly involved and active at Heritage Elementary, and are the backbone of our highly engaged community. Parents volunteer in many capacities including: School Site Council representatives, Garden leads, room parents, classroom volunteers, library helpers, PTA Board Members, student club advisors, robotics advisors, and a multitude of other student-centered support teams.

PTA meetings, quarterly ELAC meetings, Coffee with the Principal sharing curriculum and school practices, and School Site Council Meetings. Our community comes together for movie nights, Trunk or Treats, family programs, and monthly dinner night outs. We know the strength of our school program is from the strong community and the support that families provide to each of our children.

For more information on how to become involved at the school, please contact the Heritage office at (714) 430-2066.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Date Last Reviewed by School Site Council (SSC): 10/21/2019

Date Updated and Approved by SSC: 10/21/2019

Date Discussed by Staff: 8/9/2019

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, routine and emergency (SEMS); suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

Types of Services Funded (Fiscal Year 2018-19)

In addition to base funding, Heritage Elementary School receives LCFF-EL and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students. The school's School Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these categorical funds will support student learning and achievement through a Multi-Tiered System of Supports. The base and supplemental funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, and absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Heritage Elementary receives categorical funding from the Local Control Funding Formula- ELL. Funding is used to support student interventions, staff development, and is aligned with school and district goals for student achievement. Specifically, the funding provides designated ELD instruction for Heritage's English Language Learners.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	11	11	11

Tustin Unified School District provides dedicated time for professional development for all staff. Schools often provide additional professional development time based on specific school-site scheduling and budgetary decisions. The District provides intensive workshops in August during the week before school starts to provide teachers with new knowledge and enhanced skills for the upcoming year. Staff development opportunities are also offered after school and by release time throughout the school year. Additionally, professional development is provided one non-student day in the fall and one afternoon per month after school. New teachers are provided an extensive new teacher training program throughout the year to support their implementation of effective instruction.

Heritage teachers receive a robust series of professional development courses, both during the summer and after school, to plan robust STEAM curriculum, integrated with the core curriculum. In 2016-17, teachers participated in professional development to learn the Next Generation Science Standards, ELD instruction, STEM-Scopes science curriculum, Project Based Learning, Cognitively Guided Instruction (math) training, STEM teaching methods, technology training, and curriculum planning techniques. In 2017-18, in addition to refreshers from the above training, teachers engage in weekly professional learning communities to enhance instruction and analyze student performance data. An instructional coach and team of support staff meet with staff regularly to provide coaching and guidance in the development of curriculum and strategies for STEAM teaching. New teachers participate in additional training through the teacher induction program. The 2018-19 focus for professional development was building advanced teaching skills in the area of Cognitively Guided Instruction (math). Teachers work weekly in teams to develop lessons and support students in their math learning. A coach provides training and instructional support for all teachers in all subjects, with an emphasis on mathematics. The 2019-20 focus for professional development is building capacity in writers workshop and conferring in all domains. Teachers work weekly in teams to develop lessons and support students in their math learning. A coach provides training and instructional support for all teachers in all subjects, with an emphasis on conferring monthly. Additionally, teachers receive supplemental support three times a year from a writing consultant, four half days of time for planning project based learning units, and monthly after school PDs.
