School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Description of District

The Visalia Unified School District is the oldest school district in Tulare County. Our family of schools includes 26 elementary schools, a newcomer language center, five middle schools, four comprehensive high schools, a continuation high school, an adult school, a charter independent study school, a K-8 charter home school, and a charter technical early college high school. Over 32,000 students Pre-K to adult are served through Visalia Unified School District.

Description of School

Golden Oak Elementary School serves approximately 625 students in grades K-6. Our teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. The school holds high expectations for the academic and social development of all students. Curriculum planning, staff development, and assessment activities are focused on assisting students in mastering the state academic content standards, as well as increasing the overall student achievement of all subgroups.

School Mission Statement

Golden Oak Staff is dedicated to developing a community of students who are academically, behaviorally, socially and emotionally prepared to persevere in life.

We will achieve this by ensuring that students:

- will have access to state standards
- will encounter a challenging and interesting curriculum
- will grow one level per year in English Language Arts and Mathematics
- will grow one level on the ELPAC, if they are English Language Learners
- will interact with a variety of instructional strategies to enhance the learning environment
- will develop a sense of significance and belonging through connections with teachers, staff members and the other students

Additionally:

- We promote mutual respect between home and school
- We promote respect and appreciation of diverse groups and cultures
- We promote effective communication between parents and schools
- We implement outreach strategies to provide information, education and support for parents

School Facility Conditions and Planned Improvements (Most Recent Year)

Golden Oak Elementary School takes great efforts to ensure a safe, clean, and functional physical environment for students, staff, and volunteers. Sufficient space is provided for students and staff to support teaching and learning. This includes space provided by classrooms, playgrounds, and staff work rooms. To assist our school in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

In addition to a custodian on duty during the school day, a team of maintenance specialists come in after hours for daily cleaning. District and school maintenance staff work cooperatively with administrators to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Program

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The deferred maintenance program ensures that all classrooms and facilities are maintained to a degree of adequacy that allows for a good learning environment.

Facilities Improvements

The playground blacktop was resurfaced during the summer of 2018-2019 School Year.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	29	26	31	33	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parent Involvement and communication are essential to our school success. Golden Oak Elementary continually strives to involve parents by sharing information that helps parents understand and support school programs by providing opportunities for parent participation in school activities.

There are numerous and varied opportunities for parent involvement, including but not limited to, attending school functions, participating in parent-teacher conferences, volunteering in classrooms, Parent Teacher Association (PTA), Back to School Night and Open House, Parents and Pastries as well as other events. Parents may also serve on advisory committees and leadership teams, including, but not limited to, the English Learners Advisory Committee (ELAC), School Safety Committee, and School Site Council (SSC). Additional opportunities for parental involvement through the Parent Universities are offered each year through the district.

All parent volunteers will complete a volunteer application and attend a parent training meeting.

Parents who would like more information on how to become involved may contact Principal Susanna Ramirez or Assistant Principal Nate Owens at (559) 730-7851.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Safety of students and staff is a primary concern of Golden Oak Elementary School. Campus-wide supervision ensures students are safe on school grounds before, during, and after school. Entrances to school grounds are secured and monitored during the school day. All visitors must sign in at the office and wear appropriate identification while on campus. All teachers and staff have hand held radios for use when on the playground monitoring students and all staff wear orange vests and carry a radio when on yard duty.

The Comprehensive School Safety Plan is designed to assist in maintaining a safe school environment and preparing for emergencies. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. An updated copy is available to the public at the school office and on the district website. The school's safety plan was reviewed with the staff, ELAC, and School Site Council during the month of September. The School Site Council officially adopted this plan on October 14, 2019.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency preparedness drills including fire, earthquake and lock downs are conducted regularly and the school staff is appropriately trained.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

The following areas of professional development have been provided to staff: professional learning communities, PBIS, effective math and literacy instruction and other areas as indicated by school data. Our district provides professional development based on data from both the district and school level to ensure that areas of need are being addressed. Professional Development occurs at the district, school and classroom level dependent on teacher goals. The district provides Teachers on Special Assignment at all grade levels to provide on-site coaching and support after professional development has occurred.

Support for Novice Teachers: Due to a shortage of highly qualified teachers in our area, twenty percent of Visalia Unified's certificated educators do not yet hold a clear credential and are considered "novice" educators. In response to this challenge and in compliance with the California Commission on Teacher Credentialing, Visalia Unified offers a robust support and training system for these novice educators including differentiated professional development and continuous professional growth opportunities. The professional learning system begins with the New Certificated Staff Summer Institute which is a five-day interactive training offered in August one week before school begins. This training covers classroom management, classroom culture, curriculum frameworks, and lesson design. In addition, a four-day workshop on student engagement and cooperative learning is offered during winter break so that teachers may implement new structures and strategies during the spring semester. All novice teachers receive ongoing support and individualized training throughout the year via weekly meetings with their assigned mentor at their respective school sites. Mentors and district teachers-on-assignment support implementation of new knowledge by providing in-class coaching, collaborating on lesson design, accompanying novice teachers on classroom tours, and assisting with student data analysis to drive instructional decisions. In addition, novice teachers and their mentors attend monthly after school training in action research and are provided time to reflect on their instructional practice. Mentors and teachers on assignment are carefully selected experienced educators trained in how to facilitate the individualized professional growth of novice teachers. Novice teachers who have preliminary credentials participate in the VUSD Teacher Induction Clear Credential Program which is accredited by the Commission and is offered at no cost to the candidate.

Support for Veteran Teachers: Veteran teachers in need of classroom management assistance also have access to one-on-one mentor support as may be needed in the case of a new grade level assignment or challenging class. Visalia Unified also offers a Peer Assistance and Review (PAR) program which is a formal system of mentoring and accountability.
