School Description

Sun Valley Elementary is a reflection of the diversity of the greater City of San Rafael, the beauty of Marin County, and the heart of a community that treasures education and its learners. Founded in 1951, Sun Valley sits nestled against the rolling hills of Marin's 16,000 acres of protected open space. Sun Valley was modernized and expanded in 2002-2003, and has an open, welcoming campus to create a nurturing environment for our students and their families.

At Sun Valley Elementary, you will find a diverse community of learners. Currently, Sun Valley is 72.4% Caucasian; 16.9% Latino; 7% Asian; and 3.7% two or more races. With 501 students coming from a variety of socioeconomic and ethnic backgrounds, Sun Valley has worked tirelessly to create an inclusive community that addresses all of our learners' needs.

Sun Valley Elementary School is a high achieving school because we believe every student should be provided the tools to reach his or her potential, and we back that up with the support necessary to achieve this. We have a collaborative, motivated, and dedicated staff; committed, enthusiastic parent and community volunteers; and inquisitive and happy students who feel supported and encouraged to be their best selves. We are very proud to be a National Blue Ribbon School (2016-2017), a California Gold Ribbon School (2015-2016), and a California Distinguished award winner. These awards are a reflection of the united community that works tirelessly to support all of our learners!

Academic rigor is evident in all of our K-5 classrooms. Our school believes in a Balanced Literacy Model for English Language Arts. We teach content (Social Studies and Science) through our Common Core Units of study so that learning is meaningful and rigorous K-5. We use common teaching strategies and practices such as the SEAL (Sobrato for Early Academic Language) model K-3 and Readers and Writer's Workshop K-5. In math, students are taught how to think mathematically as well as be proficient in the operation of math. Students also engage in science and engineering challenges in our NGSS aligned units. Our focus as educators is to make sure that the learning systems are common school-wide language and practices make learning meaningful and enjoyable for all of our students.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Curriculum development is a district-wide effort. Teachers and administrators from all subject areas form working committees to draft recommendations on instructional materials.

The California Department of Education has determined textbook selection and adoption schedules. The district follows the state schedule for these adoptions and has purchased textbooks from the most recent state-approved lists. All approved instructional materials are aligned with California content standards for core academic areas.

The Elementary School District Curriculum Advisory Council reviews curriculum recommendations and revisions materials utilized in the support of the instructional program. The Curriculum Council recommendations are forwarded to the Board of Education for final approval. This is an ongoing process, assuring that all textbooks and instructional materials are systematically reviewed, updated, and supplemented.

This table shows some of the textbooks used with grade K-5 students. A comprehensive list of all textbooks is available at the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

At Sun Valley School, our campus reflects the community we serve. We implement the PBIS (Positive Behavior Intervention and Supports) model to ensure that all students, parents, and staff adhere to three school-wide expectations (Be Respectful, Be Responsible and Be a Learner). The expectations are posted all over the school and students are rewarded for demonstrating these behaviors.

The school ensures that on-site supervision is provided 15 minutes before and after school. Before school, the City of San Rafael Community Services provides on-site Spanish Immersion every morning for an additional fee. The City of San Rafael also provides a large variety of afterschool classes (i.e. art, science, sports camp, music, theater, etc). Childcare is located off site at Parkside Childcare Center in downtown San Rafael. Transportation to childcare is provided by San Rafael City Schools for a fee.

District and school policy require that during the school day all guests to the campus check in at the school office and obtain a “visitor pass” to identify them for security personnel and all staff and students.

The physical quality of the school campus influences teaching and learning. All students and faculty enjoy bright classrooms, many with views of the open space.

Sun Valley Elementary School was established in 1951 and is one of the oldest schools in the district. The school has a total of 22 classrooms, a multipurpose building with a performance stage, art room, and science/music room and a student services (administration) building. The school underwent modernization in 2003-2004 with total modernization of existing classrooms, the addition of a new two-story classroom building, expanded student services area, and construction of the new multipurpose building. The Sun Valley School has a new field and extensive landscaping around the multipurpose building, by the parking area, and between the student services office and classroom wing.

The district strives to ensure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. Students are encouraged to help keep the campus clean by recycling. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online maintenance order request process is used to ensure efficient service and that emergency repairs are given the highest priority.

The state's School Deferred Maintenance Program, which provided state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components, became inoperative effective July 1, 2013. However, the district continues to make an annual contribution to support capital improvement projects, including deferred maintenance projects.

San Rafael voters approved Measure A in November 2015 to fund capital facilities projects to improve our school facilities. Measure A provides \$108 million to update the district's elementary and middle school facilities.

SRCS' bond program is providing much needed capital improvements to our facilities to create safe, innovative learning environments and to provide instructional technology to support 21st century learning. Additional classrooms, labs and equipment are being built and improved to reduce overcrowding in our schools and to better meet the growing demand for hands-on science, technology, engineering, arts and math (STEAM) classes. Site Design Teams and architects, led by the District's Capital Facilities Team, have contributed greatly to shape the plans for these improvements, and the construction work is ongoing throughout the district.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Math	77	73	37	38	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Contact Person Name: Lisa Tornello To Reach Contact Person: svptopresident@gmail.com

Parent involvement is a vital component of the educational program at Sun Valley Elementary School. San Rafael City Schools would not be what it is today without the contributions of countless parents and family members who give their time and expertise as volunteers and who share their financial resources to support the goals and aspirations of San Rafael schools.

The parent volunteer program serves as a comprehensive model of support that includes parents, senior citizens, community members, and businesses in volunteering in the classroom with children. We appreciate the over 250 volunteers that serve our students and our community! Parents are also made to feel welcome through various informational and community-building events, including back-to-school nights, thematic unit gallery walks, grade level gatherings, whole school events, parent conferences, parent education nights, and student performances.

At Sun Valley School, specific opportunities for parent participation include the site leadership team, parent-teacher organization, school English language advisory council, and committees that address specific program needs.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Date Reviewed and Updated: September 13, 2019. Date Discussed with School Faculty: September 19, 2019

Sun Valley Elementary School has a comprehensive school safety plan covering all aspects of planning for emergency response and student safety. This plan is based on and coordinated with the district and county emergency preparedness plans. The plan is reviewed with school staff at the start of the school year. The plan is updated annually to increase preparedness for any emergency, including storms, fire, earthquake, or intruders on campus. The school has staff members who are trained in cardiopulmonary resuscitation (CPR) and first aid. Disaster drills are held once a semester throughout the year. The school also participates in a county-wide disaster preparedness drill annually.

Key elements included in the school safety plan include basic emergency action for the following: explosion, fire, earthquake, and specifics on student release.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

District professional development during the 2019-2020 school year continues to focus on math district wide during differentiated professional development offerings and district professional development days. Additionally, teachers at all schools are participating in a robust year-long professional development on writing workshop including a Beginning Summer Writing Workshop Institute, lab sites demonstration days and built in planning time. With coach support, teachers will continue using assessments to inform differentiated reading instruction through small groups and conferencing. Finally, all teachers are also able to choose from a wide range of differentiated professional development opportunities such as "Math Talks" and "Next Generation Science Standards: Key Instructional Shifts," among others. These topics were chosen based on teacher surveys, student learning data and district focus areas. District wide, we are also in our sixth year of professional development for all PK-3 teachers in SEAL to support our English Learners. In our planning days for these content units, we are focusing on the shifts the H/SS framework requires, particularly on counter-narratives and the use of primary sources. Teachers also participate in site based professional development as well as other offerings through the county and other organizations as appropriate.

In 2018-19, PD topics included: writing workshop, math, Strategies and Curriculum Planning for ELD, Fountas and Pinnell Benchmark Assessments, use of data for differentiated instruction, writing workshop and instructional strategies to meet the needs of English language learners.

In 2017-18, training topics included: California Common Core Standards, Balanced Literacy and Guided Reading, Strategies and Curriculum Planning for ELD, Fountas and Pinnell Benchmark Assessments, EL Achieve Designated ELD (Grades 4 and 5), use of data for differentiated instruction, writing workshop and instructional strategies to meet the needs of English language learners. These topics were selected based on CELDT scores, fluency scores, district benchmark data, and other student data.

Teachers and other key school staff members have opportunities for participation in professional development activities through district, school, categorical, grant, foundation, and parent-teacher organization funds. Professional development is focused to support the mission and goals of the district and each school site plan and may include site and district training, county offerings, state and national conferences, and workshops as appropriate.

Types of Services Funded

Sun Valley School offers programs and supplemental services that are available at the school and funded through categorical funds or other sources. For the 2018-19 school year, these programs and services included:

- SEAL (Sobrato Early Academic Literacy) model provided pre-K/1 professional development and on-site coaching support
- Materials and supplies support for grade-level Common Core thematic units
- Parent education nights on Mindfulness, Positive Parenting, and Reading Strategies
- Thirty minutes of daily intervention pull out for targeted skill gap instruction – daily for students who need extra targeted reading instruction
- Thirty minutes of daily ELD pull out for targeted ELD (English Language Development) by grade levels and CELDT level
- Supplementary Educational Programs weekly (art, music, physical education twice per week, dance, poetry, and mindfulness)
- On-site staff development for Reader's and Writer's Workshop, ELD, SEAL and math.

Sun Valley is well known for its comprehensive enrichment block, which is funded through the PTO. The 45 minute daily block includes: physical education, art, and music. Other PTO enrichment programs include: Mindfulness, poetry, assemblies, artist-in-residence, and dance instruction for eight weeks, and noon time programs.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
