School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Our small rural area in Riverside County was known as the Meadows. Residents enjoyed the sounds of the hawks, owls, and other animals living and prospering in the great oak trees. Since that time, Oak Meadows Elementary School, Home of the Hawks, has worked together as a team to create an exciting learning environment where students can work, play, and achieve excellence. Our area has grown and is now considered semi-suburban. We operate on a traditional calendar and the 2019-2020 school year marks Oak Meadow's 14th year of operation. OME's student enrollment is currently at 939 students; this is a result of a new school opening and boundary changes.

The California Department of Education (CDE) recognized Oak Meadows as having outstanding educational programs and practices by awarding us with the 2016 California Gold Ribbon School Award. The California Gold Ribbon Schools Award was created to honor public schools while the California Distinguished Schools Program, in which Oak Meadows has been awarded. Upon entering our award-winning school, one immediately senses this school is a special place. Educational rituals, traditions, and worthwhile community leadership projects continue to provide students the opportunity to work collaboratively while developing critical thinking and leadership skills.

As a professional learning community, we have implemented the Common Core State Standards (CCSS) using the district-adopted curriculum. We enable each child to become a self-confident, skilled, and successful citizen, ready to embrace college and career goals. The team holds all students accountable and promotes a "growth mindset," where teachers and students, collectively, are responsible for student advancement and learning.

It is our expectation that the philosophies of The Leader in Me (TLIM) and The 7 Habits of Highly Effective People will be developed, modeled, and fully integrated into everything we do. The goal of both TLIM and CCSS is to provide students with what they need to succeed in life. As students spiral upward in their education, they increase their understanding, deepen their knowledge, and expand their abilities in both leadership and content. They become interdependent thinkers and problem-solvers. In short, they become a career- and college-ready

Parent involvement is a priority at Oak Meadows and directly connected to our success. We believe that students, teachers, and parents should work closely together in an atmosphere of mutual respect and collaboration. Our school has implemented Positive Behavior Intervention and Support (PBIS), as well as the School Site Council (SSC) and OME Leadership teams. The PBIS, SSC, and Leadership teams continue to provide ongoing updates and data that promote a positive school climate and safe school.

Teachers, administrators, staff, school site council, parents, students, and community members used the California State Priorities, the MUSD LCAP goals, to develop our site's goals.

Vision:

Creating Tomorrows Leaders Today!

Mission:

We will create and support a school environment in which all children and adults feel welcomed, respected, trusted, and an important part of the school. We will accomplish this by:

- Believing EVERY STUDENT CAN LEARN
- Demonstrating a personal commitment to the academic success and emotional well-being of all students
- Supporting innovative thinking
- Working together in collaborative teams
- Monitoring each student's progress
- Seeking and implementing strategies for improving student achievement on a continuing basis
- Providing a safe and orderly environment

Using a 21st Century curriculum, teachers use formative and summative assessments to track the progress of students and promote an engaging, positive school culture. Using data to measure progress and to drive instruction is central to our educational values and beliefs. For this reason, OME utilizes an effective local assessment system to monitor all student progress and provide ongoing and consistent extension and intervention within the classroom.

If you would like more information about OME, please visit our school website OMEhawkstalk.com to view our daily video-cast program and Oak Meadows Elementary Facebook page. At OME, we Create Tomorrow's Leaders Today!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

The school district ensures that students attend clean and safe facilities. The district's maintenance staff follows a comprehensive scheduled preventative and deferred maintenance program to offset costly repairs and minimize disruptions to the instructional program. The district maintenance staff ensures that the maintenance necessary to keep the school in good repair is completed in a timely manner. A work order process is used to ensure services and emergency repairs are given high priority. A complete and thorough facility inspection is done annually to identify future areas to address and prioritize facility needs.

In accordance with Ed. Code Section 17070.75 (e), the district uses a facility inspection system to ensure each of its schools are maintained and in good repair. A work order process is used to coordinate service and to address emergency repairs immediately. A full-time custodian is on campus throughout every school day. A night custodial crew cleans classrooms and office areas daily. The custodial staff has developed a cleaning schedule to ensure a neat and orderly campus.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: January 2020

System Inspected	Rating	Repair Needed and Action Taken or Planned

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	55	51	43	44	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Oak Meadows Elementary School is committed to working with our parents to enrich the school experience for all students. We believe in providing parents and families with regular communication through our school website, OME Facebook page, school messenger, and the school newsletter. We welcome parents on our campus and offer a Fall "Back to School Night" and a Spring "Open House." There are a variety of parent volunteer opportunities at our site, and each year we host a variety of parent/community events. We encourage our parents and community to become members of our Booster, ELAC, and SSC. For more information regarding parent involvement opportunities, please contact the site administration.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School 2016-17	School 2017-18	School 2018-19	District 2016-17	District 2017-18	District 2018-19	State 2016-17	State 2017-18	State 2018-19

School Safety Plan (School Year 2019-20)

Each Menifee Union School site completes a Comprehensive School Safety Plan (CSSP), including a disaster preparedness plan annually. A copy of the OME's Comprehensive School Safety Plan is available for review at the school office. The plan includes emergency procedures for natural disasters and campus intruders. Students, teachers, and staff are trained to prepare for a wide range of emergencies, and frequent drills help to refine emergency skills, policies, and procedures at all school sites. Also, following each drill, specific and intentional feedback is sought from all participants to improve emergency procedures continually, and therefore enhance campus safety.

OME staff exercises strict adherence to the district adopted safety/site security protocols, which include a leveled/colored badge system to indicate a person's business on the campus. Any campus visitor is required to check-in using our Raptor system. OME's Comprehensive Safety Plan is reviewed annually; the entire staff participates in monthly emergency drills and provides feedback.

Finally, school and district administrators immediately investigate threats of harm. Teachers and administrators seek to foster lines of open communication, so students and parents feel comfortable reporting inappropriate activity, including bullying, harassment, or threats. All OME staff take a strong stand against threatening behavior or bullying and investigate complaint matters thoroughly.

D. Other SARC Information

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	2	2	2

As a school district, we are focused on increasing academic achievement in English Language Arts and Mathematics along with increasing school attendance. To this end, our professional development strategy is geared to increase student engagement through the implementation of our district-adopted curriculum and the type of interventions we have in place. Site and district leadership teams review achievement data on state and local assessments to make determinations on staff development and training, to be aligned with yearly goals and projected activities.

MUSD provides two full days of professional development along with additional days as needed per site and data. Additionally, the major areas of focus have been on the adopted curriculum and intervention. State and local achievement data are used to make determinations. This district provides two full days of professional development along with additional days as needed per site and data. Additional days are provided before, during, and after school by either directors, coordinators, or intervention specialists. Additionally, conferences, workshops, Grade Level PLC, and staff meetings are some ways of providing on-going professional growth. Many teachers and administrators continue to take college-level courses to enhance their teaching or administrative skills.
