School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Burton Valley Elementary School is situated on a lovely knoll in the Burton Valley neighborhood in the city of Lafayette. Forty full and part-time highly qualified certificated teachers and over 50 support staff serve 735 Transitional Kindergarten through fifth grade students. The Lafayette School District Early Intervention Program for three- to five-year olds is also on our campus. The Parent Teacher Association provides a wide range of volunteer services, parent education opportunities and financial support. The Lafayette Partners in Education is the education foundation for our District, which provides generous financial support to our school.

We prepare our students to be creative, responsible, productive and kind citizens. Instructional kindergarten through the fifth grade level is currently based on adopted Common Core State Standards. Research based instructional strategies, including critical thinking, the workshop model, Teachers College Reading and Writing Project, and differentiated instruction, are all used in classrooms with a clear focus on meeting the academic needs of each student. Teachers meet regularly in grade level teams or in cross grade level teams to engage in data-based inquiry, to share strategy implementation, and to monitor student progress. We commit to meet the needs of all students, to foster continuous learning and to promote respect. With outstanding teaching practices, collaboration, professional development and technology, we strive to create a successful learning environment for all students in a safe and nurturing environment.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School 2017-18	School 2018-19	School 2019-20	District 2019-20
With Full Credential	45	47	40	196
Without Full Credential	0	0	0	0
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

Teacher Misassignments and Vacant Teacher Positions

Indicator	2017-18	2018-19	2019-20
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

School Facility Conditions and Planned Improvements (Most Recent Year)

Roughly 95% of Burton Valley has a new HVAC system, new fire alarms and new data systems. The school was painted over the summer. There are a few minor roof leaks that will be repaired by District personnel.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: 11/21/19

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	None
Interior: Interior Surfaces	Good	None
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	Campus is clean and well kept.
Electrical: Electrical	Good	None
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	Bathrooms were updated and redone over summer 2018.
Safety: Fire Safety, Hazardous Materials	Good	None
Structural: Structural Damage, Roofs	Good	A few minor roof leaks.
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	None
Overall Rating	Good	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	81	86	85	84	50	50
Mathematics (grades 3-8 and 11)	80	88	82	83	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parent involvement is an integral part of the Burton Valley school community. The Burton Valley PTA works closely with the staff in organizing numerous volunteer opportunities for parents. Some of these opportunities include: volunteering in their child's classroom, science lab, library, emergency preparedness, fundraising, social events and facility improvement and beautification projects. Parents are informed of involvement opportunities during back to school nights, weekly newsletters, webpages and PTA meetings.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

The Burton Valley School Safety Plan is annually updated and revised on an on-going basis. Our plan was recently updated and shared with our staff in August 2019. The plan includes: emergency response to fire, flood, hazardous waste spill, intruder on campus (secure campus) and earthquake. The plan follows the Incident Command Center protocol. Our plan has protocols for emergency communications, including e-blasts to teachers, parents and our District Office. All students and staff participate in regularly scheduled drills for fire, earthquake, intruder on campus and shelter in place. We also participate in the annual County "Shelter In Place" drill. Students are held accountable to follow the six pillars of character as defined by our character education program CHARACTER COUNTS!®. Trustworthiness, Respect, Responsibility, Fairness, Caring and Citizenship are the pillars that are woven into the fabric of our curriculum and teachable moments. Using Social Thinking strategies our staff models and reinforces the behaviors we wish to promote. Students are acknowledged with our "Bobcat Golden Tickets" when they are caught being or emulating any one of our pillars of character. Students are further recognized at our monthly Character Assemblies where staff honor a select number of students from each class who have exemplified that month's character trait.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

School Instruction and Leadership:

District curriculum work is based on a comprehensive Three-Year Plan that was presented to the Governing Board in September of 2019. The plan includes implementation of key initiatives within the Strategic Plan and District Goals. The Three-Year Plan sets forth goals and priorities which serve to focus and guide the District in its instructional planning and align with the LCAP.

Instruction at all grade levels is currently based on adopted content standards. Research-based instructional strategies, including critical thinking, the workshop model, Teachers College Reading and Writing Project and differentiated instruction are all used in all classrooms with a clear focus on meeting the academic needs of each student. Teachers meet regularly in grade level teams or in departments to plan and engage in professional dialogue around student learning and to monitor student progress.

The District's Curriculum Council meets monthly to discuss and review all areas of the curriculum. They are also a guiding force in determining systemic, relevant professional development for the District. Curriculum Council grade level leaders organize and facilitate District-wide grade level opportunities for articulation and planning. Administrators and teachers at all grade levels participate in professional development days, after school workshops and Professional Learning Communities to deepen and expand strategy instruction. Site administrators at all schools are committed to providing focused, aligned instructional leadership. Principals meet together monthly to discuss and plan for the implementation of instructional strategies based on data analysis. Professional Learning Communities and department meetings engage in professional dialogue around student data and content areas to plan and share strategies and promote deeper understanding of content. We have recently adopted materials aligned to Next Generation Science Standards with a focus on instructional practices providing understanding through rich tasks, discourse, and thinking.

Professional Development:

The Lafayette School District values professional development as fundamental to the success of the District. Professional development increases educators' knowledge and enhances their professional skills, deepens their understanding and appreciation for the varied needs of students and enhances their capacity to facilitate the learning success of all students. A Professional Development Three-Year Plan has been developed to provide the structure and means through which educators continuously enhance their professional competency. Creating and sustaining a teacher effectiveness system that enhances student achievement hinges on a well-developed professional development strategy focused on District Goals. The plan includes implementation of key initiatives within the Strategic Plan and District Goals.

Our plan recognizes that high quality professional development that improves the learning of all students is:

- driven by the results of a regular and systematic analysis of a variety of data and information on student learning
- focused on the effective implementation of research-based educational practices
- responsive to the unique learning needs and styles of each individual educator
- best accomplished through the development of collaborative learning communities whose goals are aligned with the priorities of the district.

Focus areas for professional development are based on assessment data, District initiatives and content standards and are focused on improving student achievement and deepening and strengthening teacher practice. Professional development also occurs at all sites in a variety of ways. Professional Learning Communities, book groups, peer coaching, demonstration lessons, after-school workshops, weekly K-5 designated meeting times and 6-8 grade level/department level meetings all provide opportunities for collaboration and professional development. Three District-wide professional development days are scheduled throughout the year providing the opportunity for collaboration and expanding and deepening district curriculum work.
