School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

PRINCIPAL'S MESSAGE

All of us at Carmichael want to make this a successful year for your child. Your active support, combined with our best professional efforts, will ensure academic success for your child. This home/school connection is so vital to our success. The staff and I are looking forward to a great school year!

Our school-wide focus is on literacy learning that is grounded in assessing and knowing our students as readers and writers to determine what skills and strategies they are using and which ones they need more instruction and support with in their reading and writing. All students are provided precise, personalized, small group reading and writing in order to meet them where they are at in order to take them to the next level. We accomplish this using a “workshop” model where students learn a skill in whole group meeting time and then try it on with support in a small group or independently.

MISSION STATEMENT

The mission at Carmichael Elementary School was created collaboratively with staff, parents, and community through site strategic planning:

Focusing on integrating technology and personalizing instruction to meet the needs of our diverse population, the mission of Carmichael Elementary is to ensure all students reach their highest potential and are responsible, collaborative, critical thinkers through rigorous academic instruction with a balanced literacy approach, in partnership with families in a nurturing community.

At Carmichael we provide:

- A balanced curriculum of reading, writing, math, science, social studies and music
- Specialist for art and physical education
- Comprehensive reading assessments for all children
- Small group reading instruction at student's level
- Hands-on science experiments using FOSS curriculum
- Del Campo Kids Helping Kids
- School Attendance Review Team (SART/SARB) Support
- Trimester award assemblies for attendance, academics and attitude
- Junior Achievement Program
- Grade level field trips
- Family Nights
- Character education
- Intramural basketball
- Variety of assemblies featuring kid friendly motivational speakers (i.e. Sami Kader)
- Widespread implementation of current technology
- Large updated classroom libraries
- Bridges After School Program
- Discovery Club

- Sami Circuit Program
- Classes serving special needs students across the district
- Special Attendance Incentive Days
- Project Optimism
- Student Leadership
- The right conditions for our students to grow and learn socially, academically, and emotionally!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: September, 2018

San Juan Unified held a public hearing on September 25, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <http://www.sanjuan.edu/Page/23485> In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website: <http://www.sanjuan.edu/cms/lib8/CA01902727/Centricity/Domain/140/Textbook%20Piloting%20adoption%20Schedule.pdf>.

School Facility Conditions and Planned Improvements (Most Recent Year)

Carmichael Elementary School was modernized during the 2010 school year. The parking lot was redone, and our school grounds were beautified with benches, landscape and an outdoor seating area. We also added ramps and access to be in compliance with ADA regulations. Currently, there is sufficient space to house the student population. Site custodial staff clean the buildings along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. All restrooms site-wide were reconfigured and renovated in Summer 2013 using Measure J funds. This included all plumbing, fixtures, partitions, floors, walls, path of travel and upgrades to meet ADA requirements.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in August 2019 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	32	36	34	35	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Carmichael School recognizes the importance of having parents involved in their children's education. We welcome parents as part of our teaching team and count on them to extend the learning that is begun in the classrooms. At Carmichael, parents are involved as volunteers in classrooms, as members of our School Site Council, ELAC (English Learner Advisory Committee), family nights, school and district-level committees. We encourage parents to become involved in their children's educational program.

Carmichael School distributes a bi-monthly newsletter called the Carmichael Chronicles. The Parent Newsletter encourages parent and community involvement by listing upcoming school events and community events each month. In addition, the newsletter shares specific needs for volunteers, classes offered through the school district, and ways parents can support their child's educational needs.

Carmichael is working with businesses and organizations in our community to enhance our school program and provide opportunities for our students to serve the community. Volunteers from the school and community work in classrooms as volunteers.

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact, Elisa Robles, our school secretary, at (916) 971-5727.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

School Safety Plan (School Year 2019-20)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. The Safe Schools Program has a Community Safety Specialist assigned to this school within a geographic zone that includes nearby schools. In addition, via a partnership with the Sacramento Sheriff's Department (SSD) and the Citrus Heights Police Department (CHPD), there are two uniformed deputy sheriff's and two uniformed CHPD officers assigned to patrol the school district including this school. The Deputy Sheriffs are assigned to patrol a geographic zone either on the east side of the district or the west side of the district. They are assigned specific schools within their assigned zone and respond to this school, or others, as safety needs dictate. The two CHPD Police Officers are School Resource Officers (SRO) who work identified schools within the City of Citrus Heights and respond as safety needs dictate. The two law enforcement agencies will overlap response when necessary. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. This school has a school safety team which reviews safety matters that may affect the campus. Our school safety team meets regularly to discuss safety issues, update our site emergency plan, and to take steps to be proactive in preventing various types of school-related safety issues. Community Safety Specialists and law enforcement provides speakers to address students, staff and community groups on matters of school safety. Our safety team receives training, when requested, from Safe Schools or law enforcement. This school is responsible for updating our Comprehensive School Safety Plan (CSSP) by March 1st of every year per the Education Code. As part of the update, this school meets at least once per year with a law enforcement officer to review the CSSP, has the local fire department review the CSSP and we hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district safe schools manager. Every classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. This school conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by the Education Code.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			9

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
