# Guerneville School School Accountability Report Card Reported Using Data from the 2018-19 School Year

**Published During 2019-20** 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <a href="https://www.cde.ca.gov/fg/aa/lc/">https://www.cde.ca.gov/fg/aa/lc/</a>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <a href="https://dq.cde.ca.gov/dataquest/">https://dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### School Facility Conditions and Planned Improvements (Most Recent Year)

With the assistance of our local bond funds (Measure F and Measure G), Guerneville School is in exemplary condition. The district has partaken in many recent modernization projects that have had a measurable impact on our overall campus safety and energy efficiency. Most recently, we installed new flooring and cabinetry in our G-wing classrooms as well as a new Science Lab, STEAM Lab and Community Center. In the last two years we installed a campus-wide HVAC system, a new fire alarm system, updated classroom interiors, installed two new playgrounds, an outdoor fitness center, repaved all playground asphalt, employed all new energy efficient lighting, and a solar panel installation system.

In addition, we have made a number of required ADA improvements throughout the 12-acre campus in order to improve campus accessibility for all. We have begun installing a new security system and upgraded the district's entire technological infrastructure and access to technology. We continue to monitor ongoing facility needs, attend safety trainings and welcome various campus safety inspection opportunities on an ongoing basis. We work to reflect upcoming capital projects in the District's master facilities plan annually.

# **B. Pupil Outcomes**

#### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to
  the University of California and the California State University, or career technical education sequences or programs
  of study.

Mathematics (grades 3-8 and 11)	42	45	30	29	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

We also have School Site Council, another active parent group, that meets regularly to offer suggestions and advisement on our schoolwide plans and LCAP goals. In addition to these committees, we also have AVID community nights as well as a Parent Engagement Booth during Parent Teacher Conferences and monthly Principal & Parent meetings to dialogue and discuss goals, events, and activities as well as gather parent input on school programs. For more information about Parental Involvement, contact the principal at 707.869.2864.
