School Description

Mission Statement: Short Elementary School prepares all of our learners with the skills, knowledge, and habits of mind necessary to achieve and sustain advanced levels of intellectual, social and emotional being. Both now and in the future, Short School students will be pioneers in thriving communities, locally and globally.

The Short School campus is located in the heart of the Gerstle Park neighborhood of San Rafael. With the largest enrollment in over 30 years, the district is using all of its available facilities to accommodate its incoming students. Short has evolved in this, its eighth year, to host a Transitional Kindergarten class, one second grade class, one third grade class, and two fourth/fifth combination class.

Students participate in enrichment activities such as physical education, music, yoga, and art through partnerships with local agencies such as Young Imaginations, Youth in Arts, and the Marin Shakespeare Company. We are a school committed to English Language instruction wherein students learn language through meaningful content and research-based strategies via the SEAL model in Transitional Kindergarten and first grades and GLAD in 2nd and 3rd Grades until the SEAL model rolls up. At the site level, we provide professional development, coaching, and model classrooms in balanced literacy and Mathematics, including the Common Core aligned mathematical practices.

The active parent community is engaged and is constantly planning community events to help raise money to support the various enrichment programs, technology, and other tools for learning.

District's Mission:

- Our diverse community is unique, celebrated, and one of our greatest assets.
- Each student and family feels welcome and experiences an empowering education at every school.
- Our high expectations and skillful instruction enable students to think critically, respect others, embrace learning, and develop personal responsibility.
- Each student graduates college/career ready and prepared to determine his/her own future.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web
 page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Curriculum development is a district-wide effort. Teachers and administrators from all subject areas form working committees to draft recommendations on instructional materials.

The California Department of Education has determined textbook selection and adoption schedules. The district follows the state schedule for these adoptions and has purchased textbooks from the most recent state-approved lists. All approved instructional materials are aligned with California content standards for core academic areas.

The Elementary School District Curriculum Advisory Council reviews curriculum recommendations and revisions materials utilized in the support of the instructional program. The Curriculum Council recommendations are forwarded to the Board of Education for final approval. This is an ongoing process, assuring that all textbooks and instructional materials are systematically reviewed, updated, and supplemented.

This table shows some of the textbooks used with grade K-5 students. A comprehensive list of all textbooks is available at the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

At Short Elementary School, the campus is orderly, and students feel safe at school. The school ensures that on-site supervision is provided for programs that take place before and after school. Students who arrive before the 8:45 a.m. school starting time are provided with supervision from school staff commencing at 8:15 a.m.

In August of 2016, we added a comprehensive, user-friendly library to our campus. It is used by students on a weekly basis. In addition, in October of 2016, two play structures were added to our grounds. These play a vital role in our students' outdoor activity. Both new additions have added to the morale of our school community.

District and school policy require that during the school day all guests to the campus check in at the school office and obtain a "visitor pass" to identify them for security personnel and all staff and students.

The district strives to ensure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. Students are encouraged to help keep the campus clean by recycling. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online maintenance order request process is used to ensure efficient service and that emergency repairs are given the highest priority.

The state's School Deferred Maintenance Program, which provided state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components, became inoperative effective July 1, 2013. However, the district continues to make an annual contribution to support capital improvement projects, including deferred maintenance projects.

San Rafael voters approved Measure A in November 2015 to fund capital facilities projects to improve our school facilities. Measure A provides \$108 million to update the district's elementary and middle school facilities.

SRCS' bond program is providing much needed capital improvements to our facilities to create safe, innovative learning environments and to provide instructional technology to support 21st century learning. Additional classrooms, labs and equipment are being built and improved to reduce overcrowding in our schools and to better meet the growing demand for hands-on science, technology, engineering, arts and math (STEAM) classes. Site Design Teams and architects, led by the District's Capital Facilities Team, have contributed greatly to shape the plans for these improvements, and the construction work is ongoing throughout the district.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	23	21	43	44	50	50
Math	28	26	37	38	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

• Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Contact Person Name: Roxana Cruz, Community Liaison and Parent Leader To Reach Contact Person: 415-4853793

San Rafael City Schools would not be what it is today without the contributions of countless parents and guardians who give their time and expertise as volunteers and who share their financial resources to support the goals and aspirations of San Rafael schools.

At Short School, parents and guardians have the opportunity to play an active role in their child's school experience through a number of activities, including school site counsel, district and school English language advisory committees, our parent leadership team, district and school site committees, fundraising campaigns, and special events. During the year 2019-20, we are focusing on enhancing our parent participation by creating more leadership opportunities for parents, encouraging parents to visit classrooms during the school day and to learn about how we teach and learn at the school. We hold meetings twice monthly for parents to voice their ideas and concerns, develop a voice in the life of the school and to grow as a strong community. The closing of the school will also be a huge topic of discussion as we transition students to new schools for the 20-21 school year.

Parents are continually informed of their child's academic and social progress during informational and community-building events, including back-to-school nights, parent conferences, parent education nights, parent meetings, and student performances.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Date Reviewed and Updated: August 21, 2019 Date Discussed with School Faculty: August 21, 2019.

Short Elementary has a comprehensive school safety plan covering all aspects of planning for emergency response and student safety. This plan is based on and coordinated with the district and county emergency preparedness plans. The plan is reviewed with school staff at the start of the school year. The plan is updated annually to increase preparedness for any emergency, including storms, fire, earthquake, or intruders on campus. Disaster drills are held once a semester throughout the year. The school also participates in an annual county-wide disaster preparedness drill. We work closely with Bill Welch our district's safety consultant, to keep our safety plan current, and to train our staff.

Key elements in the school safety plan include: disaster procedures, abuse reporting procedures, suspension/expulsion policies, sexual harassment policies, school dress code, and school discipline policies. We work with our district consultant, who is aligning the districts practices in the area of school safety to ensure that our protocols are up to date.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

District professional development during the 2019-2020 school year continues to focus on math district wide during differentiated professional development offerings and district professional development days. Additionally, teachers at all schools are participating in a robust year-long professional development on writing workshop including a Beginning Summer Writing Workshop Institute, lab sites demonstration days and built in planning time. With coach support, teachers will continue using assessments to inform differentiated reading instruction through small groups and conferencing. Finally, all teachers are also able to choose from a wide range of differentiated professional development opportunities such as "Math Talks" and "Next Generation Science Standards: Key Instructional Shifts," among others. These topics were chosen based on teacher surveys, student learning data and district focus areas. District wide, we are also in our sixth year of professional development for all PK-3 teachers in SEAL to support our English Learners. In our planning days for these content units, we are focusing on the shifts the H/SS framework requires, particularly on counternarratives and the use of primary sources. Teachers also participate in site based professional development as well as other offerings through the county and other organizations as appropriate.

In 2019-20, PD topics included: writing workshop, math, Strategies and Curriculum Planning for ELD, Fountas and Pinnell Benchmark Assessments, use of data for differentiated instruction, writing workshop and instructional strategies to meet the needs of English language learners.

In 2019-20, training topics included: California Common Core Standards, Balanced Literacy and Guided Reading, Strategies and Curriculum Planning for ELD, Fountas and Pinnell Benchmark Assessments, EL Achieve Designated ELD (Grades 4 and 5), use of data for differentiated instruction, writing workshop and instructional strategies to meet the needs of English language learners. These topics were selected based on CELDT scores, fluency scores, district benchmark data, and other student data.

Teachers and other key school staff members have opportunities for participation in professional development activities through district, school, categorical, grant, foundation, and parent-teacher organization funds. Professional development is focused to support the mission and goals of the district and each school site plan and may include site and district training, county offerings, state and national conferences, and workshops as appropriate.

Types of Services Funded

Short Elementary School offers programs and supplemental services that are available at the school and funded through categorical funds or other sources. For the 2018-2019 school year, these programs and services included the following:

- Instructional coach
- Supplementary educational programs in the areas of art, music, and physical education
- Translation services for conferences, meetings, and training
- Materials and supplies
- Professional development for staff and parents
- Professional consultation in the SEAL Model for English Learners and professional consultation in math instruction for students performing below grade level

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
