La Cañada Elementary School School Accountability Report Card Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Situated in the foothills of the San Gabriel Mountains, La Cañada Elementary (LCE) is proud to be one of the four schools that comprise La Cañada Unified School District (LCUSD), identified in 2012 by the U.S. Department of Education as the top performing K-12 school district in California. Honored in 2010 and 2014 as a California Distinguished School, LCE's mission is to "provide a rich educational environment that challenges all students to think critically, solve complex problems, express themselves articulately in speaking, writing, and technology, and to work cooperatively and individually in a diverse and multicultural world". LCE was awarded the 2013 National Blue Ribbon Schools Award because of its consistent high performing status. Thanks to the generous and ongoing support of the community, the school campus is beautifully landscaped and well maintained. The facility is made available to the community for a variety of activities, including sports, scouts, campus childcare, and enrichment classes.

At LCE, there is a school climate that promotes communication and collaboration. The staff is committed to knowing students from the time they enter transitional kindergarten or kindergarten to the time they promote to seventh grade. Teachers do their utmost to stay connected with children, appreciating them as individuals; they mentor students, create special bonds through small group lunches, and use older students to tutor younger ones. As an integral source of guidance and support, LCE's school counselor provides the best of care in addressing student needs through individual counseling, small groups, and classroom lessons. The staff has developed and implemented a core, standards-based curriculum that integrates differentiated instruction, often project-oriented, and designed to engage and to motivate all students to reach their highest potential. Supplemented by a well-rounded education that includes music, art, drama, Spanish, physical education, and technology, the comprehensive program values the whole child. Teachers draw from a wide array of instructional strategies, resources, and materials. They monitor and update pacing guides to keep curriculum relevant and rigorous. Through analyzing data, teachers establish clear, measurable, and attainable goals for each student. Students who are struggling receive additional support through a tiered process of intervention programs, including reading intervention and online intervention support. The process also includes efforts of teachers to accommodate individual learning needs and Student Study Teams, which seek answers and develop strategies that can be used at home. By using such resources, the struggling students, as well as those in Special Education and English Language Development, make significant academic growth. The overall goal is to ensure that every child experiences success. The core belief at LCE is that all students can achieve, and they are motivated to believe this, as well.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

The school facilities provide a clean and safe environment and are maintained in good repair. The Lower playground received a new surface, new play structure, and new play equipment. The Kinder Yard was completely renovated with new play structures and surfacing. New security fencing is currently being installed. The Library was remodeled over the summer.

Ongoing and deferred maintenance continues at all sites including new carpet, painting and tree trimming.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	90	90	85	85	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

LCE has implemented multiple strategies to engage school families and the community in support of student success and school improvement. The Parent Teacher Association (PTA), which boasts nearly 100% membership, is dedicated to student success by focusing on student enrichment and learning. World Fair Days are an annual signature program at which parents and volunteers staff booths representing cultures from around the world. The PTA funds school-wide assemblies on topics spanning from character education to physical fitness to the arts. There are opportunities for parent participation through our Science and Art Docent programs. Parent involvement is a key component to classroom support in the primary grade classrooms, and every class has an active team of room parents, another PTA program. Parents also participate in welcoming new families by hosting a social gathering to foster connections and to provide informational sessions for ongoing support. To engage and support LCE's significant Korean population, the PTA has expanded to include the LCE Korean Outreach group. The Korean school community also supports the school's large fundraising event, the Halloween Haunt, by hosting a very popular Korean BBQ booth.

In the community, LCE partners with Kiwanis to recognize outstanding student citizenship through the Terrific Kids program and provide scholarships for field trips such as the 5th grade trip to Valley Forge. Partnering with the Sheriff Department brings the STAR anti-drug program into the classroom. Parents have the opportunity to serve on the Local Control and Accountability Plan (LCAP) Council Committee. This committee is comprised of staff, parents and the administration and convenes regularly to work on school issues/needs. Finally, at the annual Community Read-In, LCE invites community members and parents to celebrate "Read Across America". LCE benefits from many alumni who complete their Eagle Scout activities with projects that improve our campus. By providing volunteer opportunities that are accessible to a wide range of parents, LCE is able to maintain a strong partnership with all stakeholders.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- · Pupil expulsion rates; and
- Other local measures on the sense of safety.

Expulsions	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

School Safety Plan (School Year 2019-20)

The school has a safety plan designed to prepare students and employees, as well as parents, to respond appropriately in case of disaster. The safety plan includes identification of appropriate strategies to maintain a high level of security and procedures for compliance with existing school safety laws. An assessment of the status of any school-related crime is also included. Fire/lockdown drills are held each month to ensure that students and staff will respond safely in the event of an emergency. Disaster drills, such as earthquake drills, are held at least one time a year to ensure that there is appropriate response to a natural catastrophe. The frequency of lockdown drills has increased in response to recent tragedies in schools across America and abroad. The LCAP Council reviews and approves the Safety Plan each Fall.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

Through the support of the district administration and the cooperation and efforts of the special education and general education staff, children with exceptional and special needs are receiving appropriate educational services. All students with special needs are placed into an appropriate educational setting and receive special support either directly in the general education classroom or in a special education classroom. Students qualifying for special education services have their Individual Education Programs (IEP) monitored by IEP Teams comprised of the school psychologist, a special education staff member, the child's classroom teacher, parents and an administrator or designee. Parents of special education students are encouraged to participate fully in developing their child's individual educational plan.

Gifted and talented students are identified yearly in grades three and above. Programs for GATE students include pull-out weekly instruction and after school enrichment. Emphasis has been placed in areas of mathematics, science and critical thinking skills at the elementary sites.

The home language survey is used to determine the primary language for each student in the district. Students with a language other than English are assessed to determine their English language proficiency. If appropriate, students are provided instruction in English language development. Students with the greatest need also receive additional ELD support in the regular classroom and in small group settings. The district and school staff monitor students' ELD progress through the school year.

Through funding from the PTA and District, a Reading Intervention Program is provided to elementary students who are in need of additional support in the area of reading. The program begins in September of each school year and ends in April. Students participate in the program before or after the school day. Phonics and comprehension skills are the target areas for instruction.

La Cañada Unified School District is fortunate to have active parents and community who contribute generously to the schools. The Education Foundation has contributed over \$2,000,000 annually to the district in the last three years. These funds are used to reduce class size, contribute to full-time counseling services, fund the district librarian and provide art, drama, and music instruction to all students in grades TK - 6 and optional Spanish classes in grades 3 - 6. These funds also contribute to district-wide technology and after school enrichment programs.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	39	16	39

During the past three years the primary areas of focus for staff development at LCUSD have been the implementation of Common Core State Standards (CCSS) in Math and Next Generation Science Standards (NGSS) and training for special education teachers through the SELPA. Special Education staff attend 2-3 days of staff development during the year sponsored by the Foothill SELPA. We have also paired experienced teachers with teachers who are new to the LCUSD for mentoring and instructional support. The annual number of days have varied from 4-10 days depending on teacher needs. Newer teachers require more days of professional development to obtain knowledge and skills necessary to implement the new standards and the strategies that prepare students for college and career. Additionally, all teachers have been provided with the opportunity to attend trainings/conferences outside of the district.

The District has continued to work with organizations called, Teachers Development Group, to provide support to the site administration with evaluation and monitoring of the implementation of the new strategies. The District has also been working with the K-12 Alliance at WestEd to provide NGSS training to teachers and administrators. Due to ELA adoption in grades K-6, trainings have been provided to the teachers in those grade levels by the publisher to ensure smooth and effective implementation of the new textbooks/materials. Teachers have been piloting NGSS aligned materials and have been trained by the publishers to appropriately use the materials during the piloting period.

Eleven half days in grades 1-6 and five full days in kindergarten have been provided to teachers for collaboration throughout the year. This time has been used to share best practices, design CCSS aligned lessons and projects, create common assessments, etc.

Training sessions have been provided within the district by Technology Integrationists in the areas of instructional technology, new assessments, CCSS aligned report cards and digital citizenship. Grade level and team leaders in extraduty extra-pay positions also provide support to all teachers. Online workshops and trainings have additionally been provided to certificated and classified staff through Kennan and Associates and Alliance of Schools for Cooperative Insurance Programs (ASCIP).

Above and beyond regular trainings provided to all teachers, specialized training has been provided to Special Education teachers to address the specific needs of students in Special Education. Several Crisis Prevention and Intervention workshops have been provided throughout the past three years to allow the teachers and paraprofessionals to work effectively with students with severe emotional and social needs. Teachers and paraprofessionals successfully completing the training are certified for two years. Special Education teachers and service providers have received training on developing Individualized Educational Programs (IEPs) that provide educational benefit for students.

The Peer Assistance and Review Program as well as the Teacher Assistance Mentor Program have provided mentors for teachers who needed support in specific areas based on evaluations. Principals and colleagues have provided support through staff meetings, teacher-principal meetings, peer observations, classroom walkthrough feedback and modeling of CCSS aligned lessons by teacher leaders and Technology Integrationists.

LCUSD administrative team is granted a stipend for professional growth activities and has benefited from the opportunity to enroll in advanced level college courses and Association of California School Administrators (ACSA) academies. The District has provided sexual harassment training for all management level positions and held monthly leadership team meetings and principals' meetings to provide continued support and professional development.
