# Juniper Ridge Elementary School School Accountability Report Card Reported Using Data from the 2018-19 School Year

**Published During 2019-20** 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <a href="https://www.cde.ca.gov/fg/aa/lc/">https://www.cde.ca.gov/fg/aa/lc/</a>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <a href="https://dq.cde.ca.gov/dataquest/">https://dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

# School Description and Mission Statement (School Year 2019-20)

We believe all students have the potential to succeed and our responsibility is to help them achieve their potential. Our small, rural setting allows our students to achieve a personalized learning experience while maintaining home values.

Juniper Ridge offers all of the required courses for a Kindergarten through eighth grade school. The curriculum is aligned with the state frameworks and content standards in the areas of reading, language, mathematics, science, history/social studies, health, physical education, visual and performing arts.

# A. Conditions of Learning

### **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

#### **Teacher Credentials**

Teachers	School 2017-18	School 2018-19	School 2019-20	District 2019-20
With Full Credential	1	1	1	1
Without Full Credential	0	0	0	0
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

### **Teacher Misassignments and Vacant Teacher Positions**

Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. \*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

# Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

#### Year and month in which data were collected: 09/2019

The Ravendale-Termo District Board of Trustees holds a Public Hearing annually. At the annual meeting, the Board of Trustees determined that the students in the Ravendale-Termo School District, grades K- 8, have sufficient textbooks or instructional materials, or both, in each subject that are consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education. In addition, the Board by resolution determined that every pupil, including English learners, has sufficient textbooks or instructional materials consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education in the following subject areas: mathematics, science, history-social science, and English/language arts, pursuant to settlement the of Williams vs. the State of California (Education Code Section 60119). All students, including English learners, are given their own individual Standards-aligned textbooks and instructional materials in the core subjects for use in the classroom and to take home. The most current adoptions contain specific curriculum for technology use where teachers and students can take advantage of our many classroom computers and other internet devices.

### School Facility Conditions and Planned Improvements (Most Recent Year)

The school is in excellent shape as it is barely twenty years old. Recent facility improvements include an upgraded fire extinguisher system in the kitchen, installation of security cameras, and a new crack seal/overlay on the student blacktop area. During the 2015 summer, the site was shared with a BLM Command Center. Extensive work was done on improving the overall campus, including weeding, grading and planting of native vegetation. Through Prop 39 funds, the school was retrofitted with improved lighting and heating & lighting controls. District Administration utilizes the Facility Inspection Tool (FIT) developed by OPSC to survey facility needs on a regular basis. The most recent inspection was done in August, 2019.

Through the Local Control Accountability Plan (LCAP), the District prioritizes facility and maintenance needs for the school each year and provides budgetary resources to keep the school site in top condition for optimized student learning. Blinds were installed in all classrooms in the fall of 2016 through input in the LCAP process. The blacktop playground was resealed and re-striped during the summer of 2018.

### School Facility Good Repair Status (Most Recent Year)

Using the most recently collected FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: 08/21/2019

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Good	
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	
Electrical: Electrical	Good

# **B. Pupil Outcomes**

### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

# CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)			39	39	50	50
Mathematics (grades 3-8 and 11)			19	23	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

### **State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

Pupil outcomes in the subject areas of physical education.

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Due to the small class sizes, data cannot be published without compromising student confidentiality.

# C. Engagement

### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### **Opportunities for Parental Involvement (School Year 2019-20)**

Parents are always welcome to be involved with the student learning process. They are invited to visit the school, help in classrooms, attend field trips, and participate in award assemblies and presentations. Numerous events are held throughout the year that provide opportunity for parents and the community to be a part of the learning environment. To keep parents informed about the school events, a monthly calendar is sent home. For additional information regarding parent involvement, please contact Jason Waddell at (530) 257-8200.

### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### **Suspensions and Expulsions**

Expulsions				0.0	0.0	0.0	0.1	0.1	0.1

### School Safety Plan (School Year 2019-20)

The school safety plan provides for all disaster scenarios and is updated annually as required by the California Department of Education. The Lassen County Sheriff's Department shares valuable tactical information with the District to support student safety at the school during lockdowns or other emergencies. The plan was most recently updated in February 2019. The plan is discussed with all staff at the beginning of each school year. For a copy of the plan, please contact Jason Waddell at (530) 257-8200 or jwaddell@juniperridge.org.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

### Types of Services Funded (Fiscal Year 2018-19)

Through the District's Local Control Accountability Plan (LCAP), student needs are identified, measured and communicated on a regular basis. With a such a small number of students at the site, each child is able to receive personalized instruction to meet their individual needs from their highly qualified and fully credentialed teacher. The school site boasts an iPad for each student to use during the day, access to supplemental curriculum both in the classroom and through computer interface, as well as ongoing participation in countywide learning experiences for students through the Lassen County Office of Education.

#### **Professional Development (Most Recent Three Years)**

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

The major area of focus this year in the Ravendale-Termo Elementary School District is on improving student instruction using the Common Core State Standards adopted for the core subjects. New Mathematics materials were adopted in 2014 and staff engaged in a variety of professional development related to the new program. In 2016, new English Language Arts Curriculum was adopted and staff has engaged in professional development to learn the new program. New Social Studies materials were adopted in 2019 and professional development opportunities will follow. Although limited by our small numbers, certificated staff members in the Ravendale-Termo School District have opportunities to learn both from outside sources and from each other. These opportunities may include, but are not limited to:

- Visits to other classrooms and other schools to observe and analyze teaching
- Attendance at professional education conferences or committee meetings
- Classes/workshops offered by the District, County Office of Education, State projects, private organizations, or other appropriate agencies
- Courses in regionally accredited institutions of higher education, including courses delivered through online technologies
- Participation in professional development networks that promote inquiry and allow staff to analyze and evaluate each other's work
- Participation in educational research or innovation efforts
- Assistance from or service as a mentor teacher or consulting teacher
- Discussions and/or internships with business and community agencies for the purpose of identifying the skills, knowledge, and aptitudes necessary for specific career paths and developing meaningful career-related, workbased learning experiences
- Travel, study, and research in subject-matter content and effective educational practices
- Follow-up activities that help staff to implement newly acquired skills

Staff will continue to use any non-instructional days in their contract to familiarize themselves with new practices and materials as future program adoptions are implemented at the District.
