School Description

Webster Elementary School, a 2004 and 2020 California Distinguished School, serves approximately 650 pre-school through 6th-grade students. Webster Elementary is located in a residential area 10 miles east of the city of Madera and 10 miles northwest of the city of Fresno. The Golden Valley Unified School District was established in 1998 and is led by a five-person school board. Webster is one of two elementary schools in the District. Webster's students feed into Ranchos Middle School and then into Liberty High School.

Webster Elementary is more than academics, we instill in our students the values that make Madera Ranchos an ideal place to live and raise children. In 2014, The Bonner Center for Character Education and Citizenship based at Fresno State's Kremen School of Education and Human Development recognized Webster Elementary for its character education program. The recognition reads Webster is being recognized "For Exemplary Commitment to the Character and Virtues Education of Its Students." The Webster staff and community are committed to educating the whole child. We emphasize and reward students for displaying positive character traits in and outside of the classroom. We believe that victory without honor is no virtue. We aspire to achieve with character.

Mission

The Webster community works collaboratively to create a positive school climate. We strive to develop good character and focus on achieving personal and educational goals. We take pride in increasing student achievement through exemplary practices and resiliency.

Visior

Achievement with Character

Belief Statements

We believe that:

- Learning is contagious in a respectful environment.
- Learning is relevant, authentic, and appropriate.
- Character development is essential to a well-rounded education.
- Competition creates perseverance, pride, and motivation.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	55	62	60	60	50	50
Math	55	61	48	47	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Webster Elementary School is very fortunate to enjoy the benefits of concerned, involved parents who show strong support for the school. The Webster Parent Teacher Club meets monthly with a focus on providing classroom supplies and resources over and above what the District supports, so there can be a richer academic environment. The School Site Council meets to advise on the School Site Comprehensive Plan. The English Language Advisory Committee meets to address the needs of English Language Learners at Webster. This committee looks at how state and federal funds are used to support children and the supplementary materials utilized to address student needs. Numerous opportunities exist for parents to get involved at the school site. Among the opportunities are participation on the School Site Council (SSC) and the English Language Advisory Committee (ELAC). Other activities for involvement include helping teachers and students in classrooms, working in the library, attendance at sports' events, drama presentations, and musical performances. For more information on how to become involved, please contact Principal Audrey Peters at 559-645-3540.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Webster Elementary School has a Safe School Plan that is reviewed and updated annually. Plans are reviewed with staff annually often at the beginning of each school year. Our WES School Site Council (SSC) approves our Safe School Plan. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to maintain a safe, clean, respectful and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter free. Site maintenance staff surveys their campus as the first order of business each day. They insure the campus is clean, any vandalism is corrected, and that the campus is presentable and representative of the priority Golden Valley Unified School Board sets on safety and appearance. Webster Elementary School's comprehensive safety plan was reviewed and updated in October of 2019 by the WES faculty. The plan with any changes is approved by the Golden Valley Unified School District Board of Trustees annually.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	9	9	11

Over the last five years, the primary mode of enhancing teacher's pedagogical practice has been through weekly two-hour grade level collaboration and staff development sessions to identify and implement effective teaching strategies to better meet the needs of students. During the grade-level collaboration, our professional learning community has been hard at work on the Cycle of Inquiry (COI) using State assessment and core curriculum Benchmark data dis-aggregated in School City to identify and address students' strengths and weaknesses within each classroom and across grade levels. During this time, teachers and paraprofessionals discuss the performance of both individual students as well as student-groups. Through the Cycle of Inquiry, the staff has been able to continually monitor student progress and reteach essential standards to ensure that all students are growing academically. The Learning Lab also has disseminated data to identify those students who have tested out of the lab, so that other students may get additional support. In short, our focus has been to align our instruction to content standards, state and district assessments, develop units and lessons as a team, adhere to the Explicit Direct Instruction model when delivering instruction, evaluate student learning by analyzing achievement data and modify the instructional plan to better meet the need of all students.

Webster teachers and administrators identified gaps between our adopted curriculum and state assessments. Consequently, in the 2018-2019 school year, we focused on better aligning our ELA and math curriculum to the district and state assessments. Teachers asked for planning time and guidance from content specialist to complete the work. Now that we have better alignment, for the 2019-2020 school year, we've begun the work to unpack the new state adopted science and social studies standards. At least one teacher per grade level is planning to attend the Fresno County Office of Education Professional Learning Communities workshops series to learn about the Next Generation Science Standards and implement units of studies with provided resources. In addition, our reading lab specialist, RSP teacher, and assistant principal attended a two-day Acadience training to provide better support for reading intervention. Lastly, Benchmark Advanced will be providing training for all teachers twice this year to equip them to deliverer effective ELA instruction.

^{** &}quot;Other" category is for multi-grade level classes.

Types of Services Funded

Title I funding supports Webster's after school tutorial program and reading intervention during the school day.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
