# Cameron Ranch Elementary School School Accountability Report Card Reported Using Data from the 2018-19 School Year

**Published During 2019-20** 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <a href="https://www.cde.ca.gov/ta/ac/sa/">https://www.cde.ca.gov/ta/ac/sa/</a>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <a href="https://www.cde.ca.gov/fg/aa/lc/">https://www.cde.ca.gov/fg/aa/lc/</a>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <a href="https://dq.cde.ca.gov/dataquest/">https://dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2019-20)

#### **Mission Statement**

Valuing diversity and full inclusion, the mission of Cameron Ranch School is to ensure that each student becomes an informed critical thinker, strong communicator, and self-directed learner through personalized, rigorous instruction, utilizing technology, and modeling positive character traits in a safe, nurturing, respectful environment, in partnership with parents and community.

#### **School Profile**

Cameron Ranch Elementary is one of 33 elementary schools in the San Juan Unified School District. The curriculum provided is aligned to the Common Core State Standards. The school supports cultural awareness on a daily basis through its diverse literature selections and other school activities.

As a full inclusion site for children with developmental disabilities, Cameron Ranch is dedicated to developing the individual potential of all students. We believe that each student has the right to be successful academically and socially. We encourage in all students' sensitivity to diversity and a sense of community responsibility. Staff and community work together to share knowledge and ideas to provide a rich learning environment for students.

We base our school behavior and discipline on the Positive Behavior Intervention and Supports (PBIS). We implement responsive classroom strategies and structures to provide a positive community of learners in every classroom. Students learn social skills and problem solving through weekly Second Step curriculum lessons in our general education classrooms. We provide a tiered system of behavior supports including social skills groups, check-in/check-out, individual behavior charts and positive rewards.

The Cameron Ranch principal, teachers, and staff value diversity and excellence. Our mission is to educate and inspire each student to succeed and responsibly contribute to a radically evolving world by providing innovative, rigorous, student-focused instruction and programs in a safe, caring, and collaborative learning community.

We are a Response to Intervention school, which addresses the individual needs of each student. We have implemented a scientific, research-based balanced literacy program with the belief that every student can learn to read and write. Within our balanced literacy program we differentiate instruction employing a number of strategies to meet the varied needs of individual students.

Cameron Ranch is a data driven school. All staff members have been trained on using the Illuminate system and gather formative assessment information during daily instruction to target learning for each student. Illuminate provides teachers with information needed to plan focused instruction and provides internal accountability. Teachers are able to measure and monitor student progress using this data so that instruction is precise and personalized.

We ensure that all students have access to core curriculum, all teachers are highly qualified, and interventions are checked frequently for proper placement of students. Teachers provide rigorous instruction based on Common Core State Standards.

We pay close attention to the culture and climate of our school. We provide varied opportunities for our children to learn in an environment that is safe and fosters personal and academic growth.

Cameron Ranch staff holds high expectations for all stakeholders. We practice the following beliefs: that every person is unique and has equal worth, that every student can and will learn, and that diversity is a valuable asset that strengthens and enriches our community. Through these multiple beliefs we have been able to start closing the achievement gap.

We believe that parent involvement is the key to building a sound foundation that encourages academic and personal achievement. Parents are invited to attend classroom visitations referred to as Family Day and themed activity mornings including Harvest Festival and Earth Day. During Family Day, the parent shadows their student, thus developing an understanding of the classroom environment, how the instructional rigor is scaffolded for students throughout each day and how they can support their child's educational experience.

Professional development occurs weekly at Cameron Ranch. We provide time for grade level collaboration and professional learning communities. We recognize the importance of ongoing teacher learning and that it is directly linked to instructional practices and strategies. In the past four years, we have based our professional development around PBIS, Illuminate, Universal Access, Guided Reading, Critical Literacy, Running Records, and Writer's Workshop. This work will remain in place for all Cameron Ranch students, and for the current school year, staff is engaging in professional development around mathematics instruction and social-emotional learning, which includes the ongoing model of The Responsive Classroom. All of these trainings support classroom teaching strategies, school and class organization, balanced literacy instruction, intervention, conceptual mathematical understanding and assistance, as well as home, school and community partnerships.

Cameron Ranch offers an after-school Bridges program. Bridges After-School/ASSETs Programs provide homework support, enrichment and pro-social recreation in a safe and positive environment. The Bridges After-School/ASSETs Programs currently serve over 3,000 students, grades K-12, at 32 sites. Student success is supported through the implementation of each of the four components of the program: Homework support, enrichment/disguised learning, prosocial skills/recreation, and parent support and empowerment. Strong relationships between program staff, school staff, parents and students are key! If you are interested in this program please contact the school office.

### Principal's Message

Cameron Ranch seeks to provide a high-quality instructional program where staff utilizes strategies that target learning goals, integrating relevant technology and individualized assessment data to increase student proficiency. We seek to actively engage families and community as partners in the educational process, as well as identify, model, and integrate positive character traits and social skills instruction, to ensure all students become contributing, responsible, and caring members of our diverse community.

### A. Conditions of Learning

### **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### **Teacher Credentials**

Teachers With Full Credential		School 2018-19	School 2019-20	District 2019-20

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. \*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

### Year and month in which data were collected: September, 2018

San Juan Unified held a public hearing on September 25, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: http://www.sanjuan.edu/Page/23485 In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. For more information regarding San Juan's textbook adoption schedule, please visit our website:

### School Facility Conditions and Planned Improvements (Most Recent Year)

Cameron Ranch was modernized and a new multipurpose room was added during the 2000-2001 school year. Expanded parking was provided at the front of the school, as well as a new ramp leading down to the resurfaced blacktop playground area. Two portable classrooms were totally remodeled. Currently there is sufficient space to house the student population. Discovery Club has its own classroom. There is a site custodial staff that cleans the building, along with district support for major/minor repairs. The district provides gardening and landscape services on a regular schedule. Regular fire/emergency drills are held, and badges are required for all visitors and personnel. A major landscape and irrigation project was completed during the summer of 2008 through Measure J Bond. A low voltage upgrade which includes intercoms, fire and intrusion alarms, is scheduled for completion Spring 2014.

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in September 2019 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities

### School Facility Good Repair Status (Most Recent Year)

Using the most recently collected FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

### **B. Pupil Outcomes**

### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	25	22	45	46	50	50
Mathematics (grades 3-8 and 11)	11	13	34	35	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2018-19)

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

### **State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

• Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2018-19)

Grade <i>Level</i>	Percentage of Students	Percentage of Students	Percentage of Students

### C. Engagement

### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### **Opportunities for Parental Involvement (School Year 2019-20)**

Parents are a valuable asset to the entire school community. Through the PTO, the school benefits from the beautification projects, assemblies, fundraising, and social opportunities such as ice cream socials, BBQ's, and parent programs. Parents are also active on the School Site Council and English Learner Advisory Council (ELAC) advising, exploring, and observing programs funded by Title 1 and LCFF money received from the state. Each year, parents sign a pact with their student and the teacher pledging support to the academic programs. Many parents drive on field trips, assist with at-home tasks, volunteer in the classroom, serve as representatives to the District English Language Advisory Committee (DELAC) and the Superintendent's Council.

Monthly newsletters, weekly email blasts, our site website, Facebook, Instagram, School Messenger automated phone calls, Principal Coffee Chats and frequent teacher correspondence keep parents informed of events and activities, as well as student achievement results. Parents provide valuable feedback regarding our programs and their students' success through our monthly parent committees and Parent Survey which is given every winter.

#### **Contact Information**

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Jan Haro, Cameron Ranch Elementary at 575-2302 or Jan.Haro@sanjuan.edu

### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan (School Year 2019-20)

This school is linked directly to the San Juan Unified School District's Safe Schools Program. The Safe Schools Program has a Community Safety Specialist assigned to this school within a geographic zone that includes nearby schools. In addition, via a partnership with the Sacramento Sheriff's Department (SSD) and the Citrus Heights Police Department (CHPD), there are two uniformed deputy sheriff's and two uniformed CHPD officers assigned to patrol the school district including this school. The Deputy Sheriffs are assigned to patrol a geographic zone either on the east side of the district or the west side of the district. They are assigned specific schools within their assigned zone and respond to this school, or others, as safety needs dictate. The two CHPD Police Officers are School Resource Officers (SRO) who work identified schools within the City of Citrus Heights and respond as safety needs dictate. The two law enforcement agencies will overlap response when necessary. The Deputy Sheriff's and/or CHPD Officers are dispatched to critical incidents via the Safe Schools Dispatcher, a law enforcement dispatcher or via a direct report from a school staff member, school visitor or other person. This school has a school safety team which reviews safety matters that may affect the campus. Our school safety team meets regularly to discuss safety issues, update our site emergency plan, and to take steps to be proactive in preventing various types of school-related safety issues. Community Safety Specialists and law enforcement provides speakers to address students, staff and community groups on matters of school safety. Our safety team receives training, when requested, from Safe Schools or law enforcement. This school is responsible for updating our Comprehensive School Safety Plan (CSSP) by March 1st of every year per the Education Code. As part of the update, this school meets at least once per year with a law enforcement officer to review the CSSP, has the local fire department review the CSSP and we hold a community meeting to review the CSSP. The CSSP must be approved by the School Site Council before being submitted to the district safe schools manager. Every classroom has a standardized "Safety Folder" which serves as a guide for teachers, includes the site specific crisis response procedures and a district standardized emergency flip chart. This school conducts and keeps a record of all fire drills, lockdown drills, shelter in place drills and/or earthquake drills up to or in excess of what is required by the Education Code.

### **Professional Development (Most Recent Three Years)**

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			9

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grantfunded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.
