Hillview Middle School School Accountability Report Card Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

School Description

Hillview Middle School is located in the southwest portion of the Antelope Valley in the community of Palmdale. Westside Union School District, covering approximately 360 square miles of high desert of California, is located in the southwest portion of the Antelope Valley in the community of Palmdale. Westside Union School District has an enrollment of approximately 9600 students from Kindergarten through 8th grade.

Hillview was built in 1993 and serves students from the surrounding communities of west Palmdale and west Lancaster. Hillview has approximately 987 6th, 7th, and 8th grade students. Students from four elementary schools feed into Hillview. In addition, Hillview currently has approximately 420 students in attendance on transfers from inside or outside of the District boundaries. The school buildings consist of one main building composed of 18 regular classrooms, two science labs, a library, a home economics room, an art room, a wood-shop room, a technology lab, a computer lab, and a cafeteria. There is also one meeting / conference room, a speech room, a counselor's office/room, ELL room, and the administrative offices. In addition, there are 16 relocatable classrooms (which includes two computer labs), a music/band room, and a gymnasium with boys' and girls' locker rooms and a dance room. The school includes grass and concrete play areas with equipment and a patio with picnic tables.

Sixth grade students who attend Hillview participate in the 6th grade Honors Academy. These students are selected from a lottery after meeting the requirements which include: 1) 3.0 GPA or higher each semester during 4th and 5th grade with no D or F grades or students on a Standards Based report card must have 3 and 4 scores (Standard Met or Standard Exceeded) each semester during 4th and 5th grade. 2) Meets or Exceeds Standards on 4th grade ELA & Math State Tests. 3) An average of 10 or fewer absences when looking at both 4th and 5th grade. These students are exposed to a rigorous curriculum, STEM elective classes, and are eligible to participate in all middle school activities. Hillview also has a program to work with the district's middle school functional skills students. These special needs students are served in four different classrooms of about ten students each; however, many work with our elective and PE programs and interact with and work with our general education 6th, 7th, and 8th graders. Our special needs students have the opportunity to participate in a reverse inclusion PE class and an inclusion sports league.

Hillview offers a strong core curriculum. Most curricular classes have numerous offerings including support classes and advanced classes. Our entire school is networked, and wired and wireless internet access is available across the campus. Classrooms have smartboards and document cameras, and sets of Chromebooks. Chromebook carts are also available for teachers to check out for classes like PE or electives that may not have a set in their room. A high emphasis is placed on an education that provides for every student to become skilled in the use of technology, computers, and industrial technology. Students have the opportunity to participate in numerous elective classes including computers, design and modeling, band, art, industrial arts (wood shop), flight and space, Vex robotics, Lego Robotics, AVID, Model UN, and home economics. Numerous clubs, academic teams, tutoring programs, and interscholastic sports provide opportunities for students to participate and interact with each other outside of the regular school day.

Hillview's diverse student population is served through funding with dollars from the state, LCFF (from a district level), Title I (new this year), money raised through ASB, and donations. Allocations provide funds for materials, equipment, and programs to meet the various needs of our students. Staff, teachers, and parents, in conjunction with the School Site Council, allocate funds based on student needs and the educational goals of the school.

Mission Statement

The mission of Hillview Middle School is to ensure that all students will be prepared to reach high levels of academic achievement as determined by district, state, and national standards. All Students will have access to a college preparatory pathway and be encouraged to participate in school activities. Hillview Middle School will help students become educated, responsible citizens. Hillview works with the AVID program to support student achievement. AVID's mission is to close the achievement gap by preparing all students to succeed in education and a global society.

Hillview Middle School 6th Grade Honors Academy will provide academic challenges with accelerated expectations. Classroom activities and curriculum will have real world applications in a collaborative environment, enhanced by technology and hands-on activities.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. *Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: October 2019

Westside Union School District provides all students with textbooks and other instructional materials to support the district's adopted curricular programs. Funding is provided by the state for the acquisition of textbooks and instructional materials that are aligned with State Board adopted content standards in Reading/Language Arts/English Language Development, Mathematics, History/Social Science, and Science. The following are the instructional programs currently adopted by our district:

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy
Reading/Language Arts	TK Houghton Mifflin Splash (2012)	Yes	0
	K-5 Houghton Mifflin Harcourt, Journeys CA (2017)

School Facility Conditions and Planned Improvements (Most Recent Year)

Hillview Middle School provides a safe, secure, comfortable and clean environment for learning. We are committed to the health and safety of our students, staff and volunteers. To help maintain a closed campus, students and visitors are signed in and out through the office during school hours. The halls and playground are monitored by classified and certificated staff. The intercom and site radios are used as an aid to communicate with staff members and students. Designated bells provide alerts for students and staff members.

Westside School District participates in the State School Deferred Maintenance Program, which assists school districts with expenditures for major repair or replacement of existing school building components. Currently there are no deferred maintenance projects scheduled for Hillview Middle School. Installed new HVAC and roofs for the permanent building in 2010.

A team of custodians ensures that all classrooms and facilities are clean, safe and in good working order. The district has developed a cleaning process that is utilized by the school ensuring uniform procedures. A work order process is used to provide efficient service and ensure that emergency repairs are given the highest priory. At the time the report was published, 100 percent of restrooms on campus were in good working order.

Twenty-one concentrated photovoltic solar panels were installed in 2013.

School Facility Good Repair Status (Most Recent Year)

Using the most recently collected FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: October 2019

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	40	42	34	34	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Many opportunities exist for parent involvement in the Westside Union School District and at Hillview. Parents and the community are very supportive of the educational program at the District and Hillview. Numerous programs and activities are enriched by the generous contributions made by parents and local businesses that support West Antelope Valley Educational Foundation (WAVE).

At the district level, parents are encouraged to participate on the Superintendent's Advisory Committee, DELAC, and other district committees. Hillview Middle School offers a variety of events, programs, and activities throughout the school year for parents to become activity involved in their child's school and education. The following activates and events at Hillview are open to parents: Back-to-School-Night, Parent-Teachers conferences, School Site Council, PTSA, ELAC, Awards Assemblies, AVID parent meetings / parent nights, Title I parent meetings, and competitive sports events. Parents are encouraged to run for office and attend monthly meetings for School Site Council (SSC), ELAC, and PTSA meetings. Parents are also welcome to volunteer to support out programs under the direct instruction of a classroom teacher. Parents also serve as volunteers at school sponsored events such as dances, chaperons at student trips and activities, colleges, universities, and athletic events. Hillview maintains an open-door policy with all parents. Parents are kept informed of school activities through the school website, various handouts, automated phone service, teacher letters, Google Classroom, and the use of Power School.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School 2016-17	School 2017-18	School 2018-19	District 2016-17	District 2017-18	District 2018-19	State 2016-17	State 2017-18	State 2018-19

School Safety Plan (School Year 2019-20)

In compliance with Senate Bill 187 and Education Code 35294.6 each Westside School has developed a comprehensive safety plan. The elements of this plan include disaster preparedness and procedures. The Emergency Preparedness Plan is reviewed with the staff and students yearly. Routine emergency preparedness drills are conducted monthly to ensure the safety and well being of students and staff in the event that there is a need for such an evacuation.

Note: Cells with N/A values do not require data.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

A range of academic and social emotional supports exist for Westside students, many of which are unique to individual school sites, tailored to meet the needs of the members of each school community. Many of these supports are provided by counselors (district and/or community-based), school psychologists, school nurses, specialists in Speech/Language/Hearing, adaptive physical education teachers, or behavior specialists.

Student Study and Child Study Teams assist students experiencing academic and/or social emotional challenges, those with special needs, and with assessing eligibility for placement in special classes and/or recommending specialized services as needed. Special services and classes are offered for students with learning disabilities as well as other students with exceptional needs.

Twelve counselors provide a range of support services for Westside students. Programs and services are developed and provided based on student data (such as referrals for threatening or self-harm behaviors and academic intervention letters) and the needs of the school site. Often these programs build upon the skills and habits of mind that are nurtured and developed in Leadership Development through Physical Education (LDTPE), AVID, and Boys Town. Examples of counseling programs include specific groups for strong-willed students, grief groups, groups for students who are exhibiting signs and behaviors due to trauma, academic organization groups (addressing academic organization of assignments, goals, and expectations), and community outreach and service clubs such as Student Ambassadors or Kindness Club. School counselors are assisted by a cadre of Campus Climate Assistants, highly trained paraprofessionals who provide social emotional support and structure for students during more unstructured parts of the school day like recess and lunch. Counselors and Educational Service staff members collaborate regularly with community agencies to facilitate alignment and coordination of resources and supports for students and their families.

The district continues to collaborate with the Department of Mental Health to coordinate with local mental health agencies to provide School Based Mental Health services at all school sites for eligible students.

Behavior specialists provide student and staff support for students needing intensive behavior support and/or intervention.

Bilingual paraprofessional support staff provide assistance in the classroom for English Learners. Bilingual assistants receive ongoing professional development in the areas of strategies to support students learning English within the classroom; review of district wide academic programs supporting English Learners; specialized language practice used for translation during parent/teacher conferences; protocols for English Learner identification; and criteria for student reclassification.

Several programs, designed to build students' emotional intelligence and capacity and to promote positive and proactive social decision making, reduce bullying, and build an inclusive culture continue to be implemented districtwide. Two of these are BoysTown (implemented in grades Kindergarten through 8) and Leadership Development through Physical Education for students in grades 4, 5, and 6.

A variety of online mathematics (i.e. Big Brains and ALEKS) and reading intervention (i.e. FastForWord) programs are accessible for students. In addition to being used during the school day, students can also access these programs from home. These online interventions are site-specific.

A variety of extended learning opportunities like before/after school tutoring and/or lunchtime Learning Lab support were offered at all sites. Learning Labs provide support with homework and opportunities for collaborative learning sessions. Tutoring may provide review of foundational skills, frontloading of key skills and concepts, and/or homework assistance. Five days of intersession support is provided for middle school students during each spring and summer intersession. An Extended School Year program is available during the first part of summer intersession for those students with disabilities who qualify. A traditional district wide summer school program was on hold for the summer of 2018 due to significant maintenance and repairs at school sites. In lieu of the summer school program for elementary students, optional interactive Summer Learning Kits were purchased for parents and caregivers to use with their students over the summer intersession. The Kits contained games, tools, and materials to sharpen and support reading, writing, and math skills. Additionally, the district offered its third summer KinderCamp during the summer. The three-day experience was designed to provide an opportunity for incoming Kindergarteners and their parents to learn about Kindergarten expectations in a day camp-type environment.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	52	57	80

Westside Union School District offers on-going professional learning and training opportunities for teachers, administrators, and para-educators.

The goal of professional learning is to provide staff members the support that they need to meet the diverse educational needs of Westside students. The key area of focus for professional development and support for the 2018-2019 school year was the use of assessment data, particularly common formative assessment data, to guide and inform instruction.

Teachers, classified instructional classroom support staff, and site administrators are provided four days of professional development each year. These days are calendared work days. For all groups, two of the days are dedicated to issues and needs related specifically to our English Learners, foster youth, or other at-risk students. For teachers and site administrators, two of the four days are devoted to building their capacity to use data, particularly formative assessment data, to inform instruction. For classified instructional staff, two days were devoted a to a variety of topics including trauma-informed support for at-risk youth; BoysTown; Leadership Development through Physical Education; and meeting the academic needs of students with exceptional needs.

Teachers are also encouraged to engage in optional professional learning opportunities that relate to their specific teaching assignment. Teachers are compensated at a contractual hourly rate for their participation in these sessions.

Similar opportunities are provided for our site administrators. Most regularly attend applicable ACSA Academies. 70% of the district's site administrators completed an ACSA academy during the 2018-2019 school year.

New Social Studies/History materials were adopted spring 2018. All Kindergarten–6th grade teachers, Special Day Class (SDC), and middle school m teachers received training in the newly adopted materials during the 2018-2019 school year.

Work in building assessment literacy of teachers continues to be an area of focus. During the 2018-2019 school year Data Teams from four the district's school sites met regularly with a consultant from the International Center for Leadership and Learning to build their capacity to use formative assessment to guide and inform daily instruction.

Professional learning opportunities are provided through a variety of formats including conference/institute attendance, in-district training delivered by consultants and or district staff members with release time for teachers, staff meetings, and individual and small group coaching. Curriculum Resource Teachers, under the direction of the Director of Curriculum and Instruction, provide much of the individual and small group coaching support. This is especially true in the area of integration of classroom technology tools to support teaching and learning. During the 2018-2019 school year a cadre of teacher leaders served as instructional coaches at the school sites. These site-level teacher instructional leaders support their colleagues in utilizing instructional strategies that promote equitable access of the district's curricular programs for low income, foster, and English Learner youth.

Instructional administrators meet monthly to share best practices related to areas of instructional focus and leadership for meaningful change in educational systems. All instructional administrators are encouraged to (and supported in) participating in professional learning opportunities to deepen their instructional leadership talents and skills, including the professional academies sponsored by ACSA, the Association of California School Administrators.

More than a quarter of the district's teachers are new to the field, with less than five years of teaching experience. The district has developed a robust system for new teacher support including 1:1 support, Professional Learning Communities (PLCs), and direct classroom support. New teachers are assigned a mentor/coach dependent upon their credential status. Support providers, mentors, and coaches in the program are veteran teachers who have been released full-time from their classroom responsibilities. Every new teacher is supported weekly at their site by their mentor/coach with the focus of support being aligned to their goal and individual support plan. Full time administrators/coaches also support the preinterns and interns based upon the requirements of their university's memorandum of understanding and the requirements of the CTC. The pre-intern and intern teachers participate in biweekly professional development based upon the district initiatives as well as their unique developmental needs. Teachers holding a Preliminary credential are supported by teachers on special assignment who serve as full time Support Providers. Those holding a Preliminary credential attend a series of six professional development opportunities specially designed and aligned with the California Standards for the Teaching Profession (CSTPs). For veteran teachers needing additional support, the Peer Assistance and Review (PAR) program is designed to improve the education of students by providing opportunities for additional training for all teachers.
