## Pivot Charter School North Bay School Accountability Report Card Reported Using Data from the 2018-19 School Year

**Published During 2019-20** 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <a href="https://www.cde.ca.gov/fg/aa/lc/">https://www.cde.ca.gov/fg/aa/lc/</a>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <a href="https://dq.cde.ca.gov/dataquest/">https://dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### School Description and Mission Statement (School Year 2019-20)

The Mission of Pivot Charter Schools is to instruct students in grades TK-12 through a rigorous online educational platform supported by site based class offerings and individualized attention. The unique educational program coupled with flexible scheduling and a caring environment provides students the skills, confidence and motivation to lead a successful and productive life in the 21st century.

Pivot Charter School offers a unique and customized tuition- free public education for students in grades TK-12. Our program allows students to access their courses from the comfort of their own home or from our safe and welcoming resource centers five days a week; Pivot is truly a Blended Learning Program. The 6th through 12th grade students at Pivot Charter Schools come from a wide range of backgrounds. They come for advanced placement courses, flexibility in scheduling, one-on-one attention, small group learning, to make up credits and to graduate early as well as to take college courses. The diversity of our student body is one of the things that makes the Pivot experience unique. Our TK-5 program offers hands on projects as well as tutoring and arts. The TK-5 program utilizes the highly acclaimed, Compass Learning online curriculum with additional supplemental materials coupled with the support, guidance tutoring and site-based classes provided by a CA-credentialed teacher. In the Pivot elementary program, parents assume a key role in overseeing the education of their student. Using Pivot educational resources, and supported by CA-credentialed teachers, students in the elementary program will progress at a level that is commensurate with their abilities.

Pivot Charter Schools recognize that students working online and in independent study must have a significant level of independence or support at home in order to be successful. And not all students have that self-motivation, support or independence. Therefore, Pivot has developed onsite programs to support those students in meeting their educational goals using the online curriculum. Students in grades 6-12 can participate in electives such as learning lab, music, journalism, science lab, Spanish, and PE at most sites. Every campus offers weekly Fun Fridays and field trips.

#### PIVOT CHARTER SCHOOLS IS FOUNDED IN THE FOLLOWING CORE BELIEFS:

- Successful schools are student centered, not adult centered.
- When focus on changing students' lives, one can't go wrong.
- A teacher's role is to have frequent, supportive yet motivating communication with students.
- Students' academic performance is greater when they have the influence of a positive adult in their lives.
- Schools must show how much they care about students.
- Educators should have warrior spirit, a servant's heart, and a fun loving attitude in serving students.
- Education needs to provide more options, not less.
- The goal is that students learn; how we get there should be as unique as every student.
- Technology is our friend and should play a crucial role in educating students.

## A. Conditions of Learning

#### **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they
  are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

#### Year and month in which data were collected: 6/2018

In June 2018, Pivot Charter Schools adopted new curricula for grade levels K-8. All curricula and materials are from the most recent adoption and there are sufficient materials for all students. Additionally, Pivot Charter Schools uses supplemental curricula, through i-Ready, Exact Path, and myLexia, to provide students with additional instruction and remediation in Language Arts, Mathematics, and Reading. Core courses are provided by Accelerate Education for grade levels K-5, Edmentum for grade levels 6-8, and Apex Learning for grade levels 9-12. Students in grades 9-12 also have access to a variety of elective and CTE courses through Edmentum. Accelerate, Edmentum, and Apex Learning provide updated courses on a regular basis to Pivot Charter School. Students always have access to the most recent updates in all coursework.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Pivot Charter School North Bay is an independent study Charter School and not required to complete the FIT but the facility works with a management company that responds to any repair requests, they also oversee the regular outside grounds maintenance, cleaning services for the bathrooms and common hallway areas shared by all tenants, and quarterly air-duct filter cleaning for the entire building. The Pivot Site Coordinator and the Site Administrator in North Bay have been overseeing repairs and maintenance specific to our tenancy such as changing light bulbs, small repairs, carpet maintenance, and regular biweekly cleaning. All building improvements have been thoroughly inspected and approved by the City of Santa Rosa. Upon doing our own facilities inspection we report the following information: the overall cleanliness of the site is good, there is no indication of pest or vermin infestation and the doors and windows are all working properly and secure. The staff and students participate in fire drills, earthquake and shooter drills annually.

## School Facility Good Repair Status (Most Recent Year)

Using the most recently collected FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

## **B. Pupil Outcomes**

#### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## **Career Technical Education Programs (School Year 2018-19)**

Pivot Charter School does not have CTE programs, but we continue to increase the number of CTE courses offered to our students (see below). Our school has a technology requirement (which is a Pivot Charter School requirement) We believe this technology requirement is crucial for preparing students for modern careers. We have nothing articulated with local colleges at this time but the list of CTE courses is significant.

## C. Engagement

#### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

## **Opportunities for Parental Involvement (School Year 2019-20)**

Pivot Charter School hosts at least 2 open houses each year. There are 8-12 community events which are held annually in which parents can participate. Teachers communicate with parents weekly. Parents are encouraged to attend many of the field trips and assist with community events such as barbecues and hikes. Parent satisfaction, as well as surveys that allow parents to provide input are distributed each year, the results of which are reviewed and shared with the staff and Board as well as influence our LCAP. Parents may participate in Governing Board meetings throughout the year. They may participate face to face if the meeting is held in their jurisdiction or via video conferencing no matter where the governing Board meeting occurs. Video conferencing is available at the resource centers during Board meetings and assisted by staff or parents can participate live from the comfort of their own homes by downloading the free video conference software.

#### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- · Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan (School Year 2019-20)

Pivot Charter School's current school safety plan includes emergency procedures for fire, earthquake and lock down. Additional information is also included regarding student mental health crisis situations. The safety plan details emergency exit plans, emergency gathering locations, building floor plans, emergency contact lists and emergency resource lists. Details of all available emergency equipment including First Aid Kits, Lock down Kit, and Field Trip First Aid Kit. Staff first aid training documentation and emergency drill logs are kept by site safety monitor. Staff is trained and certified bi-annually in CPR and First Aid Training.

The school safety plan is updated and reviewed with staff annually at the beginning of each school year in September. The last review occurred on 9/1/19. Our safety plan was updated this year with input from Hytropy Reverse Disaster. Additionally, Pivot has implemented a universal communication system that can be used as emergency communication with families called Parentsquare.

Pivot Charter School teachers receive five preparation and staff development days before the school year starts. This includes, training in the use of the online curriculum and assessment systems by the curriculum training staff, special education, and differentiated instruction, along with supporting EL learners. Teachers are trained in serving students in a learning lab environment where students work primarily on computers. Weekly staff meetings are held as well as monthly supportive staff training for new teachers and existing staff that need extra onsite training. Monthly trainings include topics such as, supporting students in virtual learning, using assessment data to inform instruction and developing educational programs, student goal setting, service learning, teaching writing strategies and comprehension, SBAC test taking strategies, student-led conferences, ELD and end of year close-out. Other opportunities include various workshops and attendance at conferences such as the annual International Council for Online Learning (iNACOL), Charter School Development Center Conference (CSDC), and California Charter Schools Association Conference (CCSA). Teachers are encouraged to find and attend professional development opportunities, recent examples include College Board Forum and reMake Education Makers Conference.
