School Description

Sierra View is a small, family oriented, rural school serving approximately 420 Transitional Kindergarten through sixth grade students. It is often called "The best kept secret in the Central Valley" because of the community feeling and commitment to high standards for all students and for its beautiful location among farmlands and large parcels of land. At Sierra View all stakeholders, which include students, parents, staff, and community members, work collaboratively to develop school-wide goals, nurture a culture of excellence, and create a positive school climate. Sierra View's goals are aligned to Golden Valley's district goals which include learning for all students, creating a safe and positive learning environment for all students, and creating community partnerships with parents, businesses, and organizations. Creating an environment where all students can learn takes creativity. We strive to build an atmosphere of fun and excitement in learning where the focus is on achievement and individual learning goals. This is supported through a standards based curriculum in all core subjects as evidenced through data and progress monitoring of state, district and school wide assessments. Our students take satisfaction in their work and their school. Sierra View prides itself on its clear, consistent high expectations for student behavior, we "Show our PAWS." Students at Sierra View know that the key to a positive school environment includes practicing responsibility, being always kind, working hard and showing respect. This is how students show their PAWS. Sierra View prides itself on creating relationships by inviting members of the community to monthly flag raising ceremonies, career week, and to our annual carnival. We invite and encourage parent volunteerism and participation in various committees on site.

The mission of Sierra View Elementary School is to increase student achievement by educating the whole child through exemplary programs and services, and by providing a safe, clean environment where students know that good character is important.

Vision

Making the World a Better Place One Child at a Time! At Sierra View Elementary School all stakeholders (students, parents, staff, and community members) work collaboratively to create a positive school climate. Teachers and support staff model good character and students strive to develop it in themselves. All stakeholders use their creativity to build an atmosphere of fun and excitement in learning. The focus of students and staff is on the achievement of school and individual learning goals. Students take pride in their work and in their school.

The beliefs of Sierra View School are:

- Sierra View Elementary School will seek to provide a comprehensive educational program that will best meet the needs of each individual student.
- All students will post academic gains as a result of targeted instructional strategies.
- Staff development and training ensure that Sierra View Elementary teachers recognize the essential components of an effective educational program.
- The staff at Sierra View Elementary is committed to forming an educational team with students, parents, and community members.
- All students can be successful in learning and in life.
- Extra-curricular and co-curricular activities are an important part of developing wellrounded students.
- Every member of the school community has leadership potential.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web
 page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	61	57	60	60	50	50
Math	55	47	48	47	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Parents are welcome and visible on campus daily. Sierra View Parent Club raises money to supplement and enhance the Sierra View instructional program, including the purchase of a new playground for our students and community. Numerous opportunities exist for parents to get involved at the school site. Among the opportunities are participation on the School Site Council (SSC) and the English Language Advisory Committee (ELAC), District Advisory Committee, Sierra View Parent Club and the countless activities that happen throughout the school year. Other activities for involvement include helping teachers and students in classrooms, working in the library, attendance at class' events, drama presentations, musical performances, and family fun nights. For more information on how to become involved, please contact Mrs. Kelli Reeves, Principal at 559-645-3560.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- · Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Sierra View Elementary School has a Safe School Plan that is reviewed and updated annually. Plans are reviewed with staff annually often at the beginning of each School Year. Our SVES School Site Council (SSC) approves our Safe School Plan. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to maintain a safe, clean, respectful and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter free. Site maintenance staff surveys their campus as the first order of business each day. They insure the campus is clean, any vandalism is corrected, and that the campus is presentable and representative of the priority Golden Valley Unified School Board sets on safety and appearance. Sierra View Elementary School's comprehensive safety plan was reviewed and updated on September 2019 by the SVES faculty. The plan with any changes is approved by the Golden Valley Unified School District Board of Trustees annually.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	7

Site professional development calendar have been developed to create differentiated professional development based on two collaborative meetings held Spetember 2018 to establish professional development goals for the 2018-2019 school year at Sierra View. Staff is exposed to three district level professional development days at the beginning of the year to address district initiatives, and adopted new programs. Site professional development plan addresses different areas of needs based on the teacher stull objectives, which are turned in by all teachers at the beginning of the year.

SVES uses multiple measures to plan an area of focus for professional learning. This includes, but it not limited to, CAASPP, ELPAC, NSGRA (Scholastic Next Steps Guided Reading Assessment), DIBELS, and INSPECT. This is used in conjunction with common formative assessments that are administered in the classroom. Teachers collaborate over these assessments to identify an area of focus for professional learning. Teachers also participate in a survey that is administered at the end of the school year that provides a time of reflection for teachers to express areas of achievement, as well as areas of need. This survey, in conjunction with assessment data and stull objectives assists in guiding professional development. SVES has fully implemented the used of School City data management system to analyze student benchmark data. The school site utilizes the INSPECT district formative assessments to track student achievement. Teachers have endorsed this format because they can see the students' growth from the beginning of the year to the end of the year. Students take the assessment three times a year (1st September, 2nd December, 3rd March). After the assessments have been given teacher review data by utilizing the research based strategy known as Cycle of Inquiry (COI). The benchmarks help the teacher celebrate what went right and what still needs to meet proficiency.

Professional development is delivered in different forms at SVES, depending upon need. The staff participate in two types of learning, site driven and teacher driven professional development. The SVES staff participates in a site driven professional development based on either district or site iniatives.

^{** &}quot;Other" category is for multi-grade level classes.

Professional learning for the site is in the form of site based professional learning, book studies, workshops, Cycle of Inquiry, and collaboration. Teacher driven professional development is based on teacher need according to the survey, stull objectives, and other criteria. Professional learning for teachers are in the form of conferences, individual mentoring, and collaboration.

Common Core instruction has been the main focus of staff collaboration at Sierra View this year and SVES uses two informal ways to create greater collaboration across grade level. Teachers Observing Teachers (TOT) will be used twice a year to foster greater collaboration between teachers regarding new ways to meet the rigor of Common Core. TOT is a program where teachers go into their peers' classroom to observe new teaching strategies that they might be able to bring back to their own classroom. Snapshot of Success is a new initiative that administration has implemented this year where administration takes pictures of a classroom activities and shares it with the entire learning community. These initiatives serve two purposes when supporting Common Core lesson design: it celebrates the success of our teachers, and it sustains greater collaboration across grade levels. Implementation of classroom technology has been a site focus for the past few years. Teachers have adopted the initiative to be trained in Google Classroom for the 2017-2018 school year. By the end of the 2017-2018 school all teachers at Sierra View will have attended at least one Google

During implementation of professional learning, teachers are supported through peer collaboration, vertical articulation, and principal coaching and support. Site administration has dedicated 6 minimum days on the professional development calendar to support collaboration. These collaboration dates are designated for teacher planning and reflection. Site professional development allocates three days a year for "pullout" days for grade level collaboration on pacing guides and curriculum, once a month staff meeting that focuses on areas of need as defined by the stull objectives, and staff attends local professional learning for specific areas of interest.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents
