Meadow View Elementary School School Accountability Report Card Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Meadow View School is a comprehensive 3rd-5th grade school serving a student population of approximately 400 students. Meadow View School is located in northeastern California, and is one of three schools in the Susanville School District. The goal of Meadow View School is to provide a quality education in a safe, secure, and accepting environment in which students develop the academic, social, and emotional skills necessary to succeed here and in their future. In order to accomplish this goal, Meadow View has initiated and maintained a rigorous academic program based on State-adopted curriculum standards, which emphasize the social and instructional needs of each child.

The highly qualified staff here at Meadow View is committed to providing our students with the skills necessary to be successful learners, while emphasizing the highest standards of good citizenship on the part of every student.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. *Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: January, 2020

The Susanville School District Board of Trustees holds a Public Hearing annually. At the annual meeting, the Board of Trustees determined that the students in the Susanville School District, grades K- 8, have sufficient textbooks or instructional materials, or both, in each subject that are consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education. In addition, the Board by resolution determined that every pupil, including English learners, has sufficient textbooks or instructional materials consistent with the content and cycles of the Curriculum Framework adopted by the State Board of Education in the following subject areas: mathematics, science, history/social science, and English/language arts, pursuant to settlement the of Williams vs. the State of California (Education Code Section 60119). All students, including English learners, are given their own individual Standards- aligned textbooks and instructional materials in the core subjects for use in the classroom and to take home.

Textbooks used in all schools in the Susanville School District are purchased from the State-adopted list. Teachers in the District form textbook adoption committees to decide which series best meets the learning needs of our students. All students are provided texts for classroom and homework practices. Additionally, newly adopted materials include online support, tutoring and assignment potential for all students in both English and Spanish. The textbooks are evaluated for currency and quality on a regular basis. NGSS textbooks are expected to be evaluated and purchased by the summer of 2020.

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy
Reading/Language Arts	Benchmark Advance CA Edition, 2017 (Grades K-5)	Yes	0
Mathematics	Houghton Mifflin Harcourt Math Expressions CC CA Edition (K-5)	Yes	0

School Facility Conditions and Planned Improvements (Most Recent Year)

Meadow View School opened in the fall of 1992, making it the newest school in the District. There are four permanent buildings containing 12 classrooms, a library, 2 computer labs, office complex, and multipurpose room/cafeteria. In addition, there are 14 modular classrooms on campus to provide additional classrooms and space for support programs. The playground is very large, encompassing approximately six acres. A portion of this area is hard landscape (asphalt) playground, with the remainder devoted to grass playing fields and playground equipment areas. Both the library and computer labs are well equipped and up-to-date by elementary school standards. For example, the computer lab has 35 computer workstations, all of which have high-speed Internet connections. In addition each classroom is equipped with one to one devices for the students use nad teacher have updated devices and projectors on which to present lessons.

The school is in good repair and has two custodians. The day custodian works from 6:00 A.M. to 2:30 P.M. and the evening custodian begins work in the afternoon through early evening. The night custodian works at Meadow View to provide indepth cleaning during the summer.

Through the Local Control Accountability Plan (LCAP), the District prioritizes facility and maintenance needs for the school each year and provides budgetary resources to keep Meadow View in top condition for student learning.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	35	38	35	34	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

There are many opportunities for parents to become involved at Meadow View ranging from school-wide leadership roles, School Site Council membership, and volunteering in the classrooms. Meadow View also has a Parent Teacher Association (PTA) that conducts a number of fundraising events to provide extra opportunities for our students. Involvement in field trips, assemblies, and student awards events are other important ways for parents to become involved with the school. Annually, parents are invited to be a part of the District's LCAP committee to help prioritize the District's goals and actions.

The most valuable parent involvement practices are to meet regularly with teachers for conferences, maintain frequent communication with staff concerning the progress of your child, and your support of the school's educational and behavioral goals for all students.

Meadow View utilizes a parent-dialing service (SchoolWise) to communicate with parents regarding important events on campus and about student life. This communication is sent through e-mails, direct calls, and text messages. The Meadow View Staff in grades 4 & 5, post student grades and scores on an online grading book so that parents can view their child's progress throughout the school year.

For more information on how to become involved, contact Charlotte Klinock, Principal, at (530) 257-3000.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

The safety of students, staff, and visitors is of primary importance at this school. The School Emergency Response Plan was most recently reviewed, updated, and discussed with the Board of Trustees in March of 2019. The plan was reviewed with school faculty in October 2019. The Plan covers safety procedures for natural disasters and other emergency situations and includes various emergency drills, lock-down procedures, intruder procedures, and other emergency actions in response to safety threats. To keep students prepared, the school implements at least one fire evacuation drill per month, an annual bus evacuation drill, and one earthquake drill. All visitors to the school are required to sign in at the office and wear a visitor's tag at all times; new protocols were implemented in the fall of 2018, requiring parents and visitors to sign-in through VIP Pass, an electronic sign-in process which allows the school to track and monitor all visitors on campus. This is in an effort to further increase campus security.

A very important part of our overall efforts to maintain a safe school is based on our partnership with parents and individual staff members. Staff members contact the school office when they observe practices, situations, or equipment conditions that could threaten the safety of our students. In addition, the school employs a licensed vocational nurse in the health office, and both custodial and groundskeeper staffs help us monitor and correct any safety concerns on the campus. The School Safety Plan is reviewed regularly and changes are made as needed.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	4	4	4

The major area of focus this year in the Susanville School District is on improving student instruction using the Common Core State Standards adopted for the core subjects. New Mathematics materials were adopted in 2014 and staff have been engaged in a variety of professional development activities related to the new program. Additionally, staff has continued to advance their understanding of peer collaboration/observation and implementation of new technology into their daily curriculum. New English Language Arts (ELA) materials were adopted in 2016 and the ELA staff have been immersed in professional development to master the new program. New Social Studies textbooks were purchased in the summer of 2019 and training is slated to follow.

Certificated staff members in the Susanville School District have opportunities to learn both from outside sources and from each other. These opportunities may include, but are not limited to:

- Visits to other classrooms and other schools to observe and analyze teaching
- Attendance at professional education conferences or committee meetings
- Classes/workshops offered by the District, County Office of Education, State projects, private organizations, or other appropriate agencies
- Courses in regionally accredited institutions of higher education, including courses delivered through online technologies
- Participation in professional development networks that promote inquiry and allow staff to analyze and evaluate each other's work
- Peer conferences and/or joint staff preparation time
- Participation in curriculum development projects
- Participation in educational research or innovation efforts
- Assistance from or service as a mentor teacher or consulting teacher
- Service in a leadership role in a professional organization
- Travel, study, and research in subject-matter content and effective educational practices
- Follow-up activities that help staff to implement newly acquired skills

Three additional staff development days were added to the annual teacher contract beginning in the 2014-2015 school year in an effort to provide more time for teachers to work together and learn new material during the school year. Staff will continue to effectively use these training days to familiarize themselves with new practices and new materials as future program adoptions are implemented at the District.
