School Description

Green Hills is a warm and nurturing school community. Staff, parents, students, and community members work together to provide a diverse group of 359 students the best possible educational experience. Our school enrollment increases annually and there is high public interest toward enrolling in our school. Although we have consistently demonstrated high performance on standardized testing and annual report cards, our community is especially proud of the exceptional accomplishments of the students developing as whole individuals, with sense of school and community pride. We have a dynamic staff dedicated to the achievement of all students. We have a strong and active parent community who enrich the school program by volunteering time to provide supplemental art and science programming. Green Hills is a school where everyone works towards meeting the expectations of a rigorous school program despite the budget and financial challenges our school has faced in recent years. Our most recent facility improvements include the addition of two additional portable classrooms to meet our increasing student enrollment. We also completed the second phase of modernization work made possible by Measure N school facilities funds. Highlights from the summer modernization work included: ADA accessible path-of-travel, ADA staff and student restrooms, ADA doors, frames & hardware, ADA reception and library checkout counters, wheelchair lifts, HVAC upgrades, fire alarm system upgrades, Local Area Network (LAN) upgrades, wireless capabilities and wireless thermostats.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Green Hills was built in 1949 and was remodeled in 1990. A computer lab was first established through the generous donations to the school's PTA in 2001 and upgraded with current technology in Spring 2008. Additionally, classroom teachers received computers and use them for email communication with colleagues and parents, data entry and assessment, researching, and word processing. The school is equipped with wireless Internet throughout the campus, and 16 classrooms are using SMART Board technology and document cameras. District maintenance crews and school custodians refinished the hardwood floor in the multiuse room and dusted and cleaned all classrooms and bathrooms, which were upgraded and remodeled in the summer of 2011. Asphalt repairs were made to keep the yard and walkways safe. The school's custodians and district maintenance crew have set a goal of keeping every classroom and restroom clean and safe despite cutbacks, budget reductions, and decreased maintenance staff. During the summer of 2011, the school received major upgrades that made the campus ADA compliant, including a remodeled driveway with handicap accessibility to the main office and classrooms. The fire alarm system was replaced, along with new roofing and conduits on all buildings. This was made possible with money from the Measure X bond passed in May 2009. The upper and lower fields were renovated, and a new play structure was built on the yard. During the summer of 2013, our school completed the second phase of facilities modernization work made possible by Measure N school facilities funds. Highlights from the summer modernization work included: ADA accessible path-of-travel, ADA staff and student restrooms, ADA doors, frames & hardware, ADA reception and library check-out counters, wheelchair lifts, HVAC upgrades, fire alarm system upgrades, Local Area Network (LAN) upgrades, wireless capabilities and wireless thermostats.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	71	74	67	63	50	50
Math	67	78	60	58	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students Grades Five, Eight, and Ten

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

• Pupil outcomes in the subject area of physical education

2018-19 Percent of Students Meeting Fitness Standards

Grade Level	4 of 6	5 of 6	6 of 6
5	15.2	31.6	45.6

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Green Hills School enjoys a history of positive relationships among schools, parents, and community members through open communication and shared decision-making. Each year, a televised board meeting features our Green Hills school report and highlights student activities to show the many positive projects in which children are involved. An active PTA organization coordinates volunteer activities at the school, which include daily classroom volunteers and school events and activities. Some activities are designed as fund-raisers; others are appreciation events or community pursuits. The Green Hills PTA actively supports educational programs by sponsoring our Annual Fund. This direct ask sponsors 100% of our school supplies, field trip costs, technology enhancement, music assemblies, and a family picnic/campus beautification day. Decision-making is shared at our school. There are advisory groups that meet throughout the school year, including the ELAC and the SSC. During kindergarten through fifth grade parent conferences, teachers inform parents of their children's academic, social, and behavioral progress. Informal conferences can be scheduled throughout the year. Progress reports are sent to parents when children are experiencing academic difficulty. The SST (Student Success Team meeting) which includes students and parents, meets to discuss and plan for student success and achievement. Report cards are issued three times each year. Progress reports are sent home only when needed. Parent education is a high priority in the Millbrae School District. It is important to keep parents well informed about changes in the curriculum. PTA events are planned throughout the year, as well as district parent education programs covering a variety of topics from test-taking strategies to interactive math games and centers. Parents from all schools are invited to attend. Green Hills School provides an online handbook for each student and family outlining expected standards of behavior, a calendar of events for the year, and other essential information. In addition, each school distributes a newsletter to keep parents informed about current and upcoming activities, including PTA and district wide news. Many teachers send frequent or weekly updates on class activities and curriculum themes. Much information is posted on the school's newly remodeled Web \site and on a signboard in front of the school office. Weekly newsletters and announcements are sent home via email in order to conserve paper and "go green." Good communication promotes parent involvement and brings a significant amount of parent participation to Green Hills. For more information about becoming involved at our school, please call our principal, Mr. Peter Fong, at (650) 588-6485.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Staff and parent volunteers monitor the school grounds for 15 minutes before and after school as well as at all recesses and at lunch time. Teachers regularly review the rules for safe, responsible behavior in school and on the playground. At the beginning of the school year, students participate in a behavior assembly and sign a student rules and safety pledge. Visitors must sign in at the office, where they receive a bright badge to wear throughout their stay. A regular crossing guard and periodic visits by Millbrae police and traffic-control members contribute to the safety of our students, parents, and community members as they come and go from campus. Families are encouraged to walk to school and follow safety rules for crossing streets. Emergency preparedness is a high priority in the Millbrae School District. Each school, in collaboration with the Millbrae Police Department, has developed and implemented a School Safety Plan that provides emergency response and procedures in the event of need. Green Hills School has regular fire, lockdown and earthquake drills along with district wide emergency drills in which local Sheriff and Fire Departments participate. Additionally, Green Hills School has partnered with a local high school, Cappuccino High School to ensure that Green Hills staff and students have a safe, and well provisioned facility off site for relocation if the need should ever arise. The Green Hills Safety Plan was last revised in October 2019 and was approved during a winter school advisory council meeting. The Green Hills Student and Parent Handbook outlines key elements of the plan. The handbook is accessible on the school website, and is referred to by the principal at various school meetings.

Types of Services Funded

State money targeted for particular categories of students paid for the part-time reading teacher in 2018-2019. She works with small groups of students who are reading below grade level. This funding also finances the English Language Development (ELD) tutor and a number of required activities associated with the recognized needs of the school's students. One function of the ELD tutor is to provide language intervention to kindergarten and first grade students, and those who are in the beginning levels of English proficiency. Private donations, grants, and parent fund-raising efforts have supported technology upgrades, classroom supplies, field trips, library books, special assemblies, and a variety of student and family focused activities.

^{** &}quot;Other" category is for multi-grade level classes.

<u>DataQuest</u> DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
Internet Access Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
