School Description

School Description: Lincoln School is located on the east side of Exeter, California. Lincoln School is a neighborhood school which serves approximately 600 kindergarten through fifth grade students in the Exeter Union School district attendance area.

MISSION STATEMENT

We are the nurturing, dedicated, and highly qualified group of teachers from Lincoln Elementary School in Exeter. We are a community of educators that collaboratively and continuously strive to meet the educational standards and individual needs of our students.

We are here to create problem solvers and critical thinkers. We are here to empower and educate a diverse population by supporting their academic, physical, and personal/social growth so that they become responsible, productive members of our global society.

Through teamwork, collaboration, and daily practice of research-based strategies, we will create a community of responsible learners who are self-directed and accountable for their learning.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Our school and district transitioned to the Common Core State Standards during the 2013-14 school year. We have not officially adopted new core curriculum since our previous adoptions listed below, with the exception of Grades TK-5 in English-language arts. We have contracted with our local Tulare County Office of Education and developed Units of Study in English-language Arts (ELA) and Math. Many grade levels utilize materials from our current ELA adoption, and both our previous ELA and History-Social Science adoptions for these ELA units. For our math units, we have used materials from EngageNY, Georgia Units from the Georgia Department of Education, Illustrative Mathematics, North Carolina Mathematics, and YouCubed. In 2016, we piloted and adopted Wonders (McGraw Hill Education) ELA curriculum for Kindergarten and Transitional Kindergarten. Additionally, we purchased two supplemental programs from Voyager Sopris Learning in August 2016 for reading intervention: Read Well (Grades K-3) and Language! Live (Grades 4-5). In 2017, we adopted Wonders (McGraw Hill Education) ELA curriculum for Second Grade. In 2018, we adopted Wonders (McGraw Hill Education) ELA curriculum for grades 1, 3, 4, and 5.

School Facility Conditions and Planned Improvements (Most Recent Year)

Facility Conditions: Student safety and a clean and well maintained facility are emphasized. School grounds are maintained on a daily basis by two fulltime School Maintenance Specialists and two part time Custodians. Annual Facility Walk-Arounds with site/district administration and school board members assure the site is well-maintained and areas of concern are addressed in a timely manner. A safety inspection was completed on all swings and other playground equipment campus wide by Risk Management. A yearly inspection was made of all fire extinguishers and test panels. All AC/Heating units were serviced.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	47	40	45	44	50	50
Math	39	34	32	30	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

At Lincoln School we believe that communication between school and family is essential to the success of each child. We recognize that the more parents are involved in their child's education, the better their child performs in school. It is important for parents to know about their student's progress, understand their achievement level, and take an overall interest in their child's education.

The staff at Lincoln is committed to delivering the highest quality educational experience for every student. To do so, we need to create and maintain a strong partnership with students, parents, and the community. Our plan is to stay connected with parents about their child's achievement, academic progress, behavior, safety drills/concerns, as well as important meetings and events. We encourage parents to keep in constant communication with their child's teacher and fill out a volunteer packet at the beginning of each school year. Parents work with the site office manager and the district office on clearance procedures.

The following organizations encourage parent involvement for the purpose of evaluating the systems, instructional programs, and facilities of the school site.

School Site Council (SSC) - Meets 4 times a year

Contact: Veronica Raigoza, Principal (559) 592-2141 or vraigoza@exeter.k12.ca.us

Parent Teacher Organization (PTO) - Meets monthly (3rd Tuesday of the month)

Contact: Monica Ryan, Chairperson, E-mail: exeterlincolnpto@gmail.com

English Language Advisory Committee (ELAC) - Meets 3 times a year

Contact: Erika Ortega Assistant Principal (559) 592-2141 or eortega@exeter.k12.ca.us

The following events are held each year at the school site to increase parent involvement:

- Back to School Night
- Open House
- Parent/Teacher Conferences (September and February)
- Special Lunch Days (Grandparent's Day Lunch, Lunch with Dad, and Mother's Day Lunch)
- PTO Events (Dances, Family Nights, Movie Nights, Fundraisers and Special Events)
- Nutrition Network Events (Pumpkin Patch and Taste Test of the Month)
- Guest Speakers (Special assemblies, ELA Units of Study, and Science Presentations)
- Book Fairs
- Music Program (Band and Choir Concerts)

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Lincoln's School Safety Plan consists of 5 major components. The following components are: Personal Characteristics of Students and Staff, The School's Physical Environment, The School's Cultural Environment and the Safe School Plan (includes all details of each emergency drill along with drill logs). There are different components of the Safe School Plan. We have a public document that summarizes the major emergency drills and procedures. The school also has a detailed plan that includes class and school details available at the site and to all emergency support agencies in Exeter. The plan was last reviewed by our School Board, School Site Council and our staff with it's final updates in December of 2019. Our entire staff and site has a summarized copy in each classroom. Our teacher substitutes also have a short detailed version in their substitute folders. Every year our entire staff is asked to be certified in four mandatory trainings to maintain safety at our school site and district.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	4	6	6

Over the past three years, professional development has been delivered to teachers in different ways. Starting with the 2013-14 school year, our district has contracted with our local Tulare County Office of Education (TCOE) to provide professional development for teachers. It began with Common Core State Standards awareness training and has evolved into professional development for specific content areas. Through our partnership with TCOE, teachers have participated in: Math Lesson Labs (Co-plan/Co-teach), Math Number Talks, Fractions, Tape Diagrams, ELA Units of Study, K-2 Literacy Centers, Writing Unit pacing, Next Generation Science Standards (4th and 5th grade), and English Language Development (ELD). On-site professional development has been delivered through after-school Teaching and Learnings from our Academic Coaches and Administration. Topics have included: English Language Development, Writing, Guided Reading, Mathematical Practices, Math Fluency Games, Close Reading, Academic Conversations, and Lesson Design. Professional Development opportunities have also been provided by our district. These include: Google Training, technology integration trainings (SAMR Academy), and English Language Development.

Teachers are supported during implementation throughout the year through ongoing in-class coaching, meetings with Academic Coaches, and Professional Learning Communities (PLCs).

The number of Staff Development days provided by our district are:

2017-18: 5 days 2018-19: 7 days 2019-20: 7 days

Teachers have multiple offerings of support. Site Administration and Coaches base support on class focus walks and data collection. Teachers who are new to the profession have a TIPS mentor or a Intern Mentor assigned.

Types of Services Funded

Students who show a significant academic need in reading are identified and put into a small reading groups. Title I funds are used to provide this support. Students receive an additional 30-45 minutes of reading instruction daily in addition to the core instruction from their teacher.

Exeter Unified School District transitioned to Intensive Intervention formerly known as Supplemental Educational Services during the 2016-2017 school year. Intensive Intervention can be defined as supplemental tutoring and academic support offered to the most fragile students within the district. Elementary sites currently offer after school tutoring twice a week to Long-Term English Learners (LTELs) and our Middle School and High School offers support in the form of after school tutoring in an EL Academy. Elementary students are focusing on ELA and Math with a concentration to building skill with the ELD standards. Students at the middle school utilize the "My Path" program designed to reteach academic areas that have been identified individually for each student and are Pre- and Post-tested for academic growth. The EL Academy for students 9th-12th is offered to LTEL'S as a support to academics and college and career planning. All students are assessed frequently to monitor growth in the services offered.
