School Description

Roberts Ferry Elementary School has distinguished itself for its nurturing and supportive environment and academic achievement. This small, rural school has a tradition of pride in serving the "total" student and their families.

Challenges in the coming year include maintaining and improving upon this tradition of student learning in a supportive environment. A charter school has been established in the district in an attempt to expand your student's educational options. A new facilities plan has been completed last year and is at the State Department for funding. The district sees a need for a gymnasium/cafeteria as the district has grown by 30% since 2016.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district makes a great effort to ensure our school is clean, safe and functional. To assist in the effort, the district uses a facility survey instrument developed by the State of California Office of Public School construction, in keeping with the Williams Legislation of 2004. This instrument provides specific information on the condition of the school and the efforts made to ensure our students are provided with a clean, safe, and functional learning environment.

On a quarterly basis, the district submits a Williams Settlement Uniform Complaint Report to the County Office of Education. To this date, no facilities complaint has ever been filed with the district. Roberts Ferry School has eight classrooms, a multipurpose room, cafeteria and administrative office. The school opened in 1919 in a schoolhouse that was replaced with a new building in 1976. An additional building was constructed in 1986. Two portable classrooms were constructed in 1996. In 2012 a major new building project was completed and includes a new library and three added classrooms and storage. District maintenance staff ensures the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority. The principal works with the custodian to develop cleaning schedules to ensure a clean and safe school.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. These facilities were brought up-to-date in 2011.

Architectural planning and construction of a new building was completed in 2012-2013. The building consists of an auxiliary classrooms, and storage area.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	39	0.0	45	0.00	50	50
Math	27	0.0	29	0.00	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

• Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Roberts Ferry School benefits from the many supportive parents that participate in school wide events. The school has a strong base of parent volunteers that assist in their children's classrooms. Parents are also welcome to join the Parent/Teacher Club/School Site Council and LCAP committee. For information about getting involved at Roberts Ferry School, please contact Bob Loretelli, District Superintendent/Principal, or Alexis Manley Administrative Assistant at (209) 874-2331.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- · Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Roberts Ferry School is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety Plan is reviewed on a regular basis by the School Safety Committee and will be updated by the School Site Council each year. All revisions are communicated to the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lock down drills are held each month. Students are supervised before and after school by certificated staff and by classified staff during lunch and break periods. There is a designated area for student drop off and pick up. Visitors are to check in at the school office. We also implemented a technology system called Raptor which gives us background information on visitors.

Types of Services Funded

Federal Title I funds pay for our remedial language arts and math programs for students whose skills are below grade level. We also use the Title 1 funds for a part-time teacher aide. We use Title II funds for staff development. We used Title III funding to hire a bilingual classroom assistant and buy supplemental materials for our English Learners.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
