Suisun Valley Elementary School
School Accountability Report Card
Reported Using Data from the 2018-19 School Year
Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest
DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access
Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Suisun Valley is a rural K-8 school of approximately 600 students located in a prime agricultural area of Suisun Valley. Approximately 30% of our students come from outside our attendance area, attending our school as a school-of-open enrollment option. The school has developed a reputation for being a small, nurturing school with an instructionally demanding environment. Its small size promotes frequent communication among staff and parents and close supervision of students, contributing to a small-town-like shared responsibility for students' academic, social, and emotional development. The motto is "We are committed to creating a school that gives every student the right to achieve." Suisun Valley is an Agri-Science school where science standards are tied to Agriculture. The school mascot is a dragon, and the school color is red.

Our Pledge
Suisun Valley is committed to creating a school that gives every student the right to achieve. Every student will have the opportunity to be successful. Every student will have the opportunity to develop their character and academic skills. The education that is provided to students will serve as the foundation that students will build their lives upon.

Our Goal
Every student, without exception and without excuse, will be proficient or advanced in reading, writing, and math.

School Facility Conditions and Planned Improvements (Most Recent Year)

The District takes great efforts to ensure that all schools are clean, safe, and functional for our high educational standards. This is achieved by custodial staff adhering to district-wide cleaning standards. In addition, a work order process was developed to make certain that timely and effective maintenance service is provided and that emergency repairs are given the highest priority.

Suisun Valley was built in 1957 and has received several upgrades through the years. During the summer of 2017, the site received $2.8 million in improvements that included a parking lot, addition of two portable classrooms and associated code compliance upgrades. Construction on the new administration and library building was completed in 2019. No necessary improvements were identified on the Facility Inspection Tool (FIT).

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:
- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	52	57	32	33	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement
The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site Suisun Valley involves parents in their students' education by informing them of their students' progress and of upcoming events and opportunities. The Parent Club (PC) supports curricular programs through volunteer hours and raises money to support student programs. Parents participate in student learning by serving on the School Site Council (SSC), the English Learner Advisory Committee (ELAC), attending school-wide events, and attending student conferences. Please contact the front office at (707)421-4338 for upcoming events.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

The Fairfield-Suisun Unified School District requires safety plans for each school: BP/AR 0450, Comprehensive Safety Plan; BP3515, Campus Security; BP/AR 3515.2, Disruptions; and BP/AR 3516, Disaster Regulations. The Governing Board insists that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that teaches violence prevention and emphasizes high expectations for student achievement, responsible behavior and respect for others. Each school site develops a comprehensive school wide safety plan that includes violence prevention strategies and actions to be taken in the event of a crisis. Each plan is tailored to the specific conditions at the school. Each school plan takes into account the expertise, available resources and building design, along with factors unique to each site. A copy of the school's plan is available at the school. The plan is updated and reviewed at the beginning of each school year by the principal with the complete faculty. School Safety Plans include the following elements: a positive school climate promoting respect for diversity, personal and social responsibility, effective interpersonal and communication skills, anger management and conflict resolution; disciplinary policies and procedures; prevention of and alternatives to violence; parent involvement strategies; prevention and intervention strategies related to the sale or use of alcohol and drugs; assessment of the school's physical environment and development of ground security; school-site crisis intervention strategies; staff training in violence prevention and intervention techniques.The School Safety Plan at Suisun Valley was last revised on October 1, 2019 and was reviewed with staff on January 7, 2020. The local Sheriff Department and SITE Council Membership also reviewed the plan. The key elements included in the plan include the types of alarms to be used in various emergency situations and the staff training procedures. School Safety Plan includes the following: * A positive school climate promoting respect for diversity, personal and social responsibility, effective interpersonal and communication skills, anger management and conflict resolution. *Disciplinary policies and procedures. *Prevention of and alternatives to violence. *Parent involvement strategies. *Prevention and intervention strategies to the sale or use of drugs and alcohol. *Assessment of the school's physical environment and development of ground security. *School-site crisis intervention strategies.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	10	10	20

Each year all certificated staff members are eligible to participate in three days of professional development directed at instructional strategies, behavior, and technology. These professional development opportunities are available on site or at the district office offered to all certificated employees. Suisun Valley has a minimum of one hour and a half a month of professional development focused on implementation of the English language development standards in the general education classroom, academic conversations and small group instruction. Site administrative team also participate in weekly meetings and professional development throughout the year related to teacher coaching and creating and maintaining a positive culture at each district school. In 2019-2020 there is a strong emphasis on professional development for implementing district adopted curriculum and small group instruction. Additionally, all teachers are participating in ongoing professional development focused on embedding integrated language development instructional strategies across all content areas by observing/providing model lessons, collaborative lesson planning and receiving one-on-one coaching provided by a Teacher of Academic Support.
