Kathryn Hughes Elementary School
School Accountability Report Card
Reported Using Data from the 2018-19 School Year
Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest
DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access
Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Kathryn Hughes Elementary School is a pre-school through fifth grade school of approximately 432 students in the Santa Clara Unified School District (SCUSD). Hughes is located in Santa Clara within a suburban community adjacent to San Jose. The area is bustling with new construction including new homes, affordable housing, and Silicon Valley industry. The Santa Clara Convention Center, Great America Theme Park, and San Francisco 49ers are our neighbors. The community is socially and ethnically diverse. Transportation on the light rail system is conveniently located a few blocks away. Classes take the light rail on field trips to the Tech Museum, Discovery Museum and NASA. Built in 1964, the school was named for Kathryn Hughes, a former teacher in the Alviso School District for 39 years.

Hughes campus is a 48-year-old site, with large playground and turf areas. It includes 18 regular education classrooms as well as an office complex, library area, literacy resource room, computer lab, special education resource room, and a multipurpose room (auditorium/cafeteria). Staff, parents and students take pride in an orderly and attractive facility. Restrooms for adults and students are ADA compliant. The facilities were modernized on the outside during the summer of 2003, 2007 (new parking and playground area) and new blacktop in 2008. The inside of the facility was modernized during the summer of 2004.

After a lot of hard work by the students and staff, Hughes was recognized as a California Distinguished School in April of 2006. We are dedicated to upholding the programs and services that support our students in order for student achievement to continue to grow. The mission of Santa Clara Unified School District is to prepare students of all ages and abilities to succeed in an ever-changing world.

In 2012, Altera a, local company, granted money to increase Hughes' 21st century technology. Each classroom is equipped with a smart board and students K-5 have access to a tablet. These tools are used by teachers and students to increase all skills needed for college and career and meet with the local and state curricular expectations. Hughes has become the classroom technology learning center for other teachers, schools and districts. This grant was for three years and was renewed in October 2015. Hughes remains the classroom technology learning center for the district.

Mission Statement for Hughes:
At Kathryn Hughes we partner with our families and community to promote positive citizens of the 21st century, who communicate, collaborate, think critically and problem-solve creatively.

Our Vision:
We intentionally create lifelong learners using rigorous curriculum accessible by all. We promote social-emotional skills through respectful, responsible and safe practices.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

General
Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Maintenance and Repair
SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule
The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at www.santaclarausd.org/BoardPolicies. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance
SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Modernization Projects
SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, the major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchased the Agnews campus property, and expanded overcrowded schools. Measure H 2014 funds construction of three new schools on the Agnews campus, expands overcrowded schools, and addresses critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms. Measure BB 2018 funds the construction of three new schools, reconstructs fields, replaces aging play structures and playground paving, adds shade structures, and upgrades fencing and gates, among many other crucial projects. More: www.santaclarausd.org/bond

Age of School Buildings
The main campus of Hughes School was built in 1964. A Multi-Use Room was added in 1982 and a classroom wing in 1986. Portables were added in 1997 for class size reduction. Buildings were modernized in 2004. This school has 30 classrooms, a multipurpose room, a library, a computer lab (portable), and an administration building.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	49	43	51	52	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Kathryn Hughes School has a supportive and involved parent community. We extend an invitation to all parents to become involved in activities and school affairs through the volunteer program, the Parent-Teacher Association (PTA), School Site Council, English Learner Advisory Committee (ELAC), and Project Cornerstone. Our kindergarten parents are involved in the Early Learning Center and each family is requested to volunteer 4 hours a month. Hughes provides a weekly ESL class for all parents on Fridays. Parents are also invited to family movie nights and school dances with their students through our PTA.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents, community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2019.

Types of Services Funded (Fiscal Year 2018-19)

Kathryn Hughes School receives state and federal categorical funds which provide supplemental services to identified students through School Site Council and district administered programs. These programs include a School Improvement Program , Title I, EIA - Economic Impact Aid - for Limited English Proficient and programs for migrant, immigrant and Native American students, and lottery funds. Hughes also receives additional services for special education students as required. Prop 49 provides services for up to 80 students to receive both academic and enrichment support after school each and every day of the school year. Our school recently qualified for this grant after an appeal was made to the state. Altera has awarded Hughes a large amount of money to help increase the technology on campus, in class, and student access for campus and home. All students k-5 have access in the classroom to a tablet. This is a one on one tablet incentive supported by Altera and the district.a

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	8	5	4

Staff development activities and expenditures are tied to District and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's School Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

There are four days dedicated to professional development in the 2019-2020 school year. There were five days of professional development in the 2018-2019 school year, eight days of professional development in the 2017-2018 school year, and eight days of professional development in the 2016-2017 school year. In addition, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.
